Non scholae sed vitae discimus
Not for school but for life we are learning

WELCOME

SIMON COE

Rector

Yet another year for the history books. Our world has changed again and unfortunately uncertainty still brews on the horizon. Even more reason then to celebrate and acknowledge the strength in community that we as a school have, as we once again graduate a group of young men who will go out and make a difference in this world of levels, lockdowns, and traffic lights.

We have continued to build on our resilience as a school and remain adaptable to the online environment and the classroom in ever equaling amounts with the school song and the motto 'not for school but for life' being ever truer.

It is an important time to recognize the efforts of the many and highlight the extraordinary commitment of the few.

I would like specially to mention and thank the Senior Leadership team who by my side have given the school the strength to carry an increasingly complex load through these challenging times and have managed lockdowns and returns in as seamless a way as I believe possible. They are all a constant strength with a willingness to roll up their sleeves.

The whole school staff has once again risen to the challenge of supporting and nurturing young men in a world where social media and minority opinions can be hurtful, distressing and potentially life-course altering. Yet despite these many outside influences we have a school of young men that we can all be proud of, and a list of accomplishments which once again reflect the rich history and diversity of our proud school.

This is not possible without the continued and dedicated support of the many who volunteer their time through sporting clubs, societies such as the PTA, and the Old Boys network, our school Patron and the Board of Trustees. Their support enables the continued development of opportunities and infrastructure through generous gifts of time and effort in the name of the school. We thank you all sincerely for this ongoing and ever-growing assistance.

We have once again run our own fundraising events with the Surf and Turf of 2021 directly supporting the completion of the schools turf with goals and nets

as well as supporting many wider community fundraisers including the national Plunkett lottery.

Southland Boys' High School has once again had the privilege of having student leadership in 2021 of an outstanding caliber. Outgoing head boy Max Milne, his deputies and prefect team have raised the bar of the roles to a whole new level. The mana of the

positions they have held has not been seen by the younger students in such high regard and with such admiration before. Older boys with positions of status who regularly lay down the blazer in the junior quad and roll up their sleeves for a game of hand ball have long lasting and positive effects on our younger boys well beyond the instant. It's Tuakana-teina in action, thank you sincerely for rising to the challenges and leaving a legacy.

2021 will be the year remembered for the introduction of the house shield, our very own 'log o wood'. It has been much coveted, with blood and sweat given for it in the name of the house. Once again building belonging and passion for the school and its values. We all look forward to the future tussles and tactical challenges that are contested over it.

The physical, team and sporting involvements of our young men has continued to build on the legacy of the school with national representatives in several codes and teams qualifying and placing in national, regional, and local finals and competitions. The balance of the physical and academic opportunities in the development of young men is long accepted and remains an important part of any boy's school.

With 4 years for myself in this role now and many changes, adaptations and evolutions already well underway the school is now once again in a strong place to look deeply into what we do and how we do it in the classroom and on a daily basis. With the support of the Board of Trustees and the team around me it is with anticipation then that I look forward into 2022 with a view to support, develop and then imbed classroom practices that fully develop all of our young men to their full potential. We have exciting professional development rolling out next year in further preparation for ongoing NCEA changes in practice and assessment. We will be looking to put this school and our students in the strongest possible place for their futures both locally, regionally and beyond our current boundaries.

HEAD BOY

MAX MILNE

Head Boy

Maori

Tena koutou katoa,
Ko Max Milne toku ingoa
No Kotarana meh Italia oku tupuna
Ka noho au ki Waihopai
Ko au te tuakana matua o te kura nei.

Italian

Buongiorno Sono Parisi. Piacere.

When I first started writing this speech I had prepared myself for a far different circumstance. I didn't think it would be possible for me to stand before you and say my final words. At the beginning of the year we all had hopes for normality, an end to our year like we had in 2020 was thought to be behind us as we all looked forward to getting back to our normal lives. It seems nowadays there may be no normal and that this could our new normal for some time. People prefer not to mention Covid, but it needs to be acknowledged, and it is something that can't hold this school back.

From my first day as a year 7 student, my journey here at Southland Boys has been special. The friendships, the memories and learning have guided me to who I am today. As a year 7 listening to the head boy speak for the first time I never imagined that one day I would be fortunate enough to lead this school.

When I first started here, I thought a Boys High boy was big hairy and good at rugby. Over my time I have found there is a lot more to Southland Boys' High school than that. When I think of a Boys' High boy I see respect, I see pride in the uniform they wear and passion and eagerness to learn and improve. For many years Southland Boys was considered a rugby school with a hostel that was there for athletes and athletes only.

Years on people still believe that's our school and probably always will. However now our Academics, performers and choirs all show that we stand for much more than just rugby. I don't think Southland Boys High School has ever been as rounded as it is now. To think this school now has a waiting list to join here is not surprising and is a pleasing acknowledgement of the significant progress we have made as a school that turns out well rounded, skilled young men.

I couldn't be prouder to say I am a Southland Boys' High boy, and to have had the honor to be able to lead and leave my mark will forever be one of my proudest

moments. I truly feel Southland Boys' High School has set me up well for my future and has embedded not only a quality education but invaluable life skills.

In recent years I have found my greatest success in never thinking I had made it. Earlier in the year away on the head boy conference I was able to listen to Sir Graham Henry talk. One of the

things he talked about was Dan Carter, and his mindset that he could always better himself, he never thought he'd actually made it. Dan always thought there was more to achieve and meant no matter what he was always trying to improve and better himself. This desire to improve and to never let off resulted in him being one of the greatest players of the game. We can all take note from that - it takes hard work to achieve your goals but stopping once you've achieved them won't help you to continue to improve - setting new goals harder than the ones you've achieved is how we achieve the greatest of achievements.

At the start of the year many of you listened to me harp on about opportunities and the importance of making the most of them. At the time I didn't fully appreciate how important that would end up being. The last two years have been incredibly influential in making me grateful for the things I have done. The last two years have taught many of us that at any moment our normal daily life can be taken away.

Throughout life I have been guilty of letting other people's opinions and thoughts influence my decisions. Throughout life there were many things I wanted to try and have a go at, but if my friends weren't interested I was too afraid to have a go at them myself. Scared of failure I watched many opportunities go by not knowing they may never arise again. The more I look back the more I regret letting this happen and makes it something I wish I never did.

In a time where the most likes on Instagram and latest branded clothing defines your status as teenagers, we are destined to let others opinions influence what we do and how we act. This very action is what I regret following so much. For many years I followed along like a sheep, I did what my friends did and followed what I thought I should be doing. I was too scared to try new things and be different as I didn't want to be judged, I was scared of failure and venturing out of my comfort zone.

For a number of years I lost sight of what I was truly interested in and what I actually found enjoyment in doing. As I have gotten older I have come to realise how much of a mistake this was and what I have missed out on.

Only in recent years have I escaped this trap and followed the things I wanted to do. I have found happiness in trying the things I otherwise would have never tried if I had continued to worry about what others may think. From netball to choir these are things I will forever be grateful for giving. Years ago I would have never considered to play something like netball or to sing in two choirs. I wouldn't say I'm good at either but that's what has made them fun.

Making my own decisions has given me confidence to try anything and not be afraid of failing. It has given me the confidence to challenge things I don't think are right and that need to be changed. We are only young once, growing up only happens once. As a kid you always wished to be older but there is truth that when your older you really wish you were still young. Whoever you are make the most of all your opportunities now and take up all the opportunities that arise.

With times like they are, making the most of everything couldn't be anymore relevant than now. Nothing is certain in today's world and nothing could be for some time. If you could take something from this speech, make it be about yourself, stay true to who you are and don't let others' thoughts influence who you want to be, make the most of every moment, try new things and don't be afraid of failure. Failure gives us the ability to rethink, adapt and learn to improve. Failure allows growth and is what shapes us into who we are.

Over my time this school has added a number of things which have revitalized and added to this already amazing place. This year's introduction of the house shield has brought old rivalries back to life, with rivalries came passion and a fierce desire to win. Something that our house competitions have been missing. The revitalized house competitions have been the talking point for juniors and seniors and will be for years to come, creating memories you'll forever be able to share with your high school mates.

Many of you know about our Academic caps but I feel they don't get enough acknowledgment for how influential they have been. As a school the priority is a quality education, Southland Boys' already had that but previously we had no target or reward for pushing yourself in your education. There has always been Dux but only one person can achieve that, however anyone who is motivated and achieves excellence can get an Academic cap. The cap has pushed us further than we ever would have pushed ourselves, reaching academic success many of us wouldn't have seen possible. In an establishment where education is the priority the cap

couldn't make any more sense to push success and I have to thank the management of this school for reimplementing them.

To the men who stood by my side, Aaron and Vere I can't thank you enough. Your thoughts and support have made this year easy. Thank you also to the prefect group for all your work and support during the year. You have been a great team to work with and I thank you all for what you have done. I wish you all well for your years ahead and know you will continue to be the great men that you are and continue to lead from the front.

And to the people who steer this ship Mr Coe and Mr Laurenson you have been amazing to work with, your leadership has allowed me to learn and grow as a person. To think where I am now compared to the beginning of the year is crazy, this year will forever be a year I am grateful for but humbled to have been able to lead. Your constant effort put into this school hasn't gone unnoticed and is something we are all grateful for.

To the men who are up next, enjoy your moment but don't forget to leave your mark. The only mistake you can make is not leaving your own legacy, don't follow what was done before because you think you should, do what you want to do and leave behind the legacy you want people to remember you for.

Now as an old boy looking back - many years ago I nearly left this all behind, I have always loved this school but I had big aspirations to chase my hockey dream and moving north seemed the only option. I think about the memories, learning, growth and think, what if? What if I had left this all behind?

It makes me sad to think this is it, I will forever hold this place dear to my heart and will forever be grateful for the person this school has changed me into, for the things I have been able to achieve and the memories I have made. I can't wait to come back to visit and see the great things this school and the people here are achieving. I will miss hanging with the juniors and catching up with teachers. It is these very things you only fully appreciate when you realise they're drawing to an end.

Southland Boys High School, thank you.

Head Boys' at the Association of Boys' Schools in New Zealand conference

BOARD OF TRUSTEES

JAN ORMSBY

Chair - Board of Trustees 2021

E nga mana, e nga reo, e nga rau
Rangatira ma, tena koutou katoa.

As we end the school year for 2021 and celebrate the achievements of your sons, on behalf of the Board, I would like to thank you for your continued support for our school and staff during what has most definitely been a challenging year.

The Board has met 10 times this year, including 3 online meetings, to ensure that school can continue to operate in a safe and effective way. Thank you to fellow Board members, Sarah Brown, Charlene Withy, Cam Froude, Emma Smaill, Paul Stirling, former Staff representative Warren Ruwhiu and current staff rep Leon Dunn, Outgoing student rep 2021 Jackson Ronald and in coming student rep Andrew Kennedy. You give up so much of your time and travel to come to, at times, hastily arranged last minute meetings to discuss urgent matters and I appreciate your support, guidance and awhi.

The Board is extremely grateful to the staff at Southland Boys' High School. The professionalism of the Rector, Senior Management team, and all staff at school and Hostel Manager, Sue Mills and staff, is evident as they have continued to put students at the centre of all their decisions. This year the Board has continued to operate with probity, in trying financial times, to ensure that SBHS is resourced with staff and services that provide a 21st century education teaching young men the critical thinking skills they require for their futures.

The Board has invested in a complete staffroom upgrade, classroom refurbishments and upgrades in Herbert block, completion of the Turf on Queens drive, painting of the cricket pavilion, and our biggest investment - roofing. Whilst we admire our historic blocks the sheer cost of re-roofing Pearce block in Welsh slate tile, as required by the Historic places' classification, is eye watering. We have roofing all over the school in need of watertight solutions and the architectural styles of building additions since 1940 have created a unique set of problems and our property management team at Southern Quantity Surveyors are continually working on ways to identify solutions that are effective at keeping the water out whilst remaining cost effective.

In curriculum we have continued our investment in

resources and staffing. One of these is Robotics, where there has been a large increase in the number of students choosing this as an option due to an excellent teaching programme developed for young men and the world of technology they inhabit. We have purchased new technology for our Junior Technology classes and in 2022 students will have access to laser cutters, 3D printers and 3D pens. The

Wi-Fi and server upgrades that the Board invested in two years ago have allowed continued improved connectivity around the school site and we are in the process of upgrading the surface pro laptops used by students and currently housed in COWS (computers on wheels docking stations) at different sites around the school for classes to book and use.

We are very proud to have been able to build a new Health and Wellbeing suite that provides Health, Counselling, and external agency support spaces for boys to access wellbeing support. This space is invaluable for providing a safe and secure place for students to have appropriate support for their mental and physical wellbeing.

The Board continues to fund extra teachers and staffing, and of some pride is staffing for the Intervention space which has led to another year of improvement in stand down and suspension rates. Across all year levels there has been a 5% reduction however the improvement from 96 standdowns in 2020 to 40 in 2021 is a 40% reduction and at years 9 and 10 it is just as dramatic with a 43% reduction on the previous year standdowns. This is an indication that the Intervention space we are investing in is making a difference and boys are able to take time out, reinforce strategies and return to classrooms with skills learnt in managing their own behaviour. This is an excellent improvement attributable to all staff who have developed their capability in relation to management of classroom behaviour, and of a pastoral care system that puts students, Whanau, and community support agencies at the centre instead of punitive withdrawals and standdowns, suspensions and exclusions which don't provide any effective solutions and create future issues for our entire community.

Our Teaching and learning targets in the Strategic plan continue to see increases in Merit and Excellence endorsements in the 2020 NCEA results and overall pass rates across all three NCEA levels also increased. NCEA Level one saw an increase of 18% in excellence

and 31% at Merit levels.

At NCEA Level two Merit and Excellence levels had smaller increases but the noticeable result for this year group was a 65% increase in pass rates from the previous year. We will be targeting some professional development in 2022 that will focus on a culturally responsive curriculum delivery with high expectations and more targeted improvements.

Our students continue to show their resilience, grit, determination, and ability to adapt to a new normal that the rest of us are still grappling with.

Outstanding examples of students who represent the very best of our school values are students like Kaylin Goodall, winning the Southland 2021 Lion Foundation Young Enterprise Scheme, others like the SBHS Career navigator students, who were a part of a clean-up at Greenpoint Domain with the Dingle foundation in October 2021, and Year 8 student, Poliko Faalialia, who received the 2021 Year 8 Invercargill North Rotary Youth Merit award for being a great leader and a hard worker.

Ka mau te wehi! We are proud of you and your Whanau will be even more so as the values they have taught you resonate through your actions at school. Across our school we have so many outstanding examples of young men that show they can rise above adversity and achieve their goals.

Our students remind us that we must always strive to do better to develop the best educational, social, and pastoral care supports during their short time in our school. We look forward to meeting with you kanohi kitea – face to face in 2022.

Ka nui te mihi, ka korero tatou ano a te wa. Warm greetings and we will talk again soon.

Southland Boys' High School completed a rubbish collection in Bluff, alongside Environment Southland staff and Sanford employees.

The pupils came up with the idea for their community project as part of the Career Navigator programme delivered by the Graeme Dingle Foundation Southland.

OLD BOYS ASSOCIATION

JIM WATSON

President

First, some historical information. Southland Boy's High School opened to the public in 1881 thus presently the school is in its 140th year of operation. The Southlandian was first published in 1902 with the first Old Boys' Association function being held in February 1903. The dinner reads as being a grand occasion with numerous toasts and many fine comments being made about the 'Old School' over walnuts and wine.

With such a history behind us the importance of the role the Old Boys' Association has is not lost on our present committee. We do continue to make good progress improving connectivity amongst Old Boys.

The Old Boys' Association Committee has a meeting once every three months. Meeting business has been focused on supporting Ken Bowie in becoming School Patron, the digitalization of the School Museum collection, promoting Old Boys meetings or 'catch ups' in centers outside Invercargill and supporting the Boyd Creek Lodge.

It was pleasing to have Ken Bowie recognized as the School Patron at the senior prize giving in December last year. Ken has been a dedicated Old Boy for over 30 years and thoroughly deserves the recognition of his efforts that he has received.

The present building in which the Museum collection is stored has some earthquake issues. Should there be a need to shift cataloguing the collection items is now very important. We also want to capture the knowledge of the items held by Lynley Dear, our archivist. It is pleasing to note that at the time of writing a professional museum activist has been contracted to commence work in late August.

Branch meetings have been held in Auckland, Christchurch and the Wakatipu Basin (Arrowtown) with the Dunedin branch planning another muster for September. All meetings held were positive occasions. The Arrowtown meeting was very heartening. It was their first meeting and 36 attended.

The Boyd Creek Lodge was built from funds resulting from the School Centennial Celebrations. The Lodge is found off the road between Te Anau and Milford Sound. While ownership of the Lodge is now in the hands of

the school the Old Boys' Association Committee is actively supporting the Lodge as it is able.

School Patron and committee man Ken Bowie's interesting newsletters, social media, branch 'catch ups' and the availability of the Southlandian online have all ensured greater connectivity amongst Old Boys. We have had an increase in the number of financial

members and active email addresses from the last year. Presently we have 156 financial members, 66 Life Members, 780 email addresses. As a committee we clearly have a desire to increase all of these numbers. Of particular interest has been the number of unique visitors to the online Southlandians. We have had 4514 different email addresses make a connection to the site!

The financial report indicates that the Old Boys' Association is financially sound however it could not be said we are in a strong position. Additional to our main support of the school that being the Dux and Proxime Accessit Scholarships there are many areas in which we could further support the school if we had the means. For example, there are projects such as the museum, school pavilion, Boyd Creek Lodge and hostel. We are grateful for the two donations we received within the last 12 months and to the financial members for their support.

The Association's Treasurers' Trevor and Reece Oliver and School Executive Officer Jo Keary have continued to work efficiently and accurately as a team with our financial business. I thank you for your sterling efforts. My thanks also to Brendan Copeland for his work as our secretary.

The Association Committee continues to personally support the School Museum and Archivist Lynley Dear. The cataloguing of collection items and the capturing of Lynley's knowledge are exciting developments for the longevity of our museum. Once we have our museum collection on record, we will look at the possibilities of online availability. We are extremely grateful to Lynley for her conscientious and exacting efforts of recording, enhancing and sharing the history and heritage of our school.

To the future - I consider the continued development and building of Old Boys branches in centers throughout New Zealand should continue to be a focus. We have received enquiries for a 'catch up meeting

from Old Boys living in Wellington. We should pursue this interest. The securing of the museum's location and collection items deserves the Association's continuing support. The Boyd Creek Lodge should remain 'on the radar' and we should support the school's efforts to refurbish this facility. The increase in financial members is heartening, hopefully it will continue. As our financial capability improves, we can further support the school.

The following Old Boys have become the branch co-ordinators for our catch ups – Murray Galbraith and John McLennan (Auckland), Brian Thompson and Keith Laidlaw (Christchurch), Peter Sinclair (Dunedin) and Barry Withington (Wakatipu). I thank them for their valuable support.

On behalf of the Old Boys' Association, I would like to thank the Rector Simon Coe, the teaching staff,

the administration staff, and caretaking staff for their willingness to support us. The positive relationship we all share makes the Old Boys feel a real part of the school.

I would also like to thank Ken Bowie for his excellent newsletters and media work, and Wayne Hulls for his special role as the Association Database manager.

Our other current committee men are Bevan McNaughton, John Low, Rowly Currie, Neill Blackmore, Russell Read, Roger Wilson and Peter Redpath. To you all my sincere thanks for your involvement and support. At this AGM we will be confirming the appointment to our Committee of current SBHS teacher Ryan Marshall, plus all the above-mentioned Branch Co-ordinators. This will give us more national presence and support, and we welcome their involvement in Old Boy activities.

PARENT/TEACHERS ASSOCIATION

VICTORIA O'CONNELL Chair SBHS PTA

This year has been a relatively quiet year for the PTA. At the beginning of the year we welcomed a new Teacher Representative, Nic Lamont. As well as being a Teacher at the school Nic has a son here too so it has been wonderful to have her input. We also had three new parents join us to help invigorate the PTA.

Despite the uncertainty in the world at the moment we decided to go ahead and run the Surf 'n Turf Raffle again this year. We were so pleased we did as we had a tremendous response from the school community. We raised \$15,000 for the school. I would like to thank our small but mighty PTA group who all worked extremely hard securing sponsorship and prizes for this raffle. The majority of this went to purchase a set of Multipurpose Goals for the Hockey Turf.

In March we had our AGM where we were fortunate enough to have Chris Cole, a Learning Difference Adviser, speak to us about Dyslexia and other learning differences. This was very interesting and well received by everyone.

During winter we supplied afternoon tea after two First 15 Rugby matches to supporters who had travelled to watch the games. This is a nice way to offer hospitality and interact with other parents and friends of our school.

August brought the annual Open Day where once again we supported the school community by offering a cup of tea and slice.

We still have some money to allocate to the school this year so watch the PTA space to see where we are able to donate this money in order to make a difference to the experience of the boys while here at SBHS.

I would like to thank everyone who has contributed to the PTA this year, your input and support has been invaluable. Feel free to join us next year where we hope to continue with fundraising and hospitality to support the school in any way we can.

Spot prize winners in the Surf 'n Turf raffle

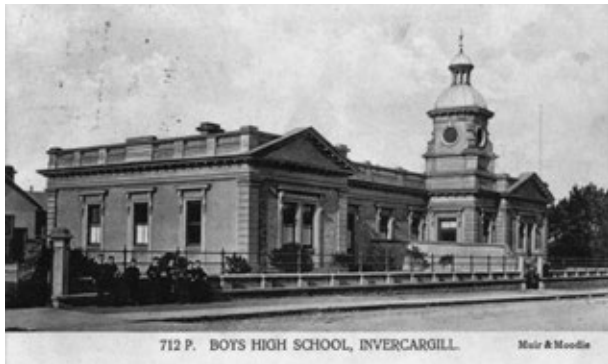

FROM THE ARCHIVES

ARCHIVIST

Lynley Dear

This year a start has been made on the Digitisation of our Museum. This huge task is being sponsored by our very loyal and supportive SBHS Old Boys. Initially a process called 'Scoping' had to take place, and this began over a period of days, by the archivist and a professional expert, Paula Haines Bellamy. She will return at a time as yet unspecified to do the actual Digitising, which will ensure a secure record of our precious and historic collection of objects, which tell the stories of the history of our school.

I have decided that in this report and subsequent reports, I'll look closely at some of those objects, which are significant to us and our school, which is now 140 years old. The Pearce Block of the Herbert St school will be 100 years old in 2026. So look forward to celebrations then!

SCHOOL BELL

The original school in Conon Street was designed in 1881 with a bell tower by early Invercargill architect, Burwell. However we know nothing of the original bell but in 1927 when the school had been one year in its Herbert Street building (the Pearce Block), Mr Pearce, the Rector, bought a bell from the Hanan family who had owned it for more than 50 years. It was made in Aberdeen, Scotland in 1862 for the barque The Star of Victoria. This new barque made her first trip from her home port of Launceston, Tasmania to Invercargill. After unloading her cargo of bluegum timber, she left on her return. While being towed across the harbour bar at the

mouth of the Oreti river, the cable parted. She drifted onto the rocks and became a total wreck on May 27th, 1864. The bell had a beautiful tone, audible throughout the school - but as you can see by the crack, it will never be heard again.

SCHOOL CREST

The School Crest, at the end of the main aisle, immediately dominates the view of those entering the Museum. It was hand made and donated to his old school by Robert Smart (3378) at school 1936-1938.

He studied art in Australia and England and served with the Royal NZ Air Force in the Pacific during World War II. The motto on the crest was chosen by Southland Boys' High School's first Rector, Mr G.W. Blanchflower, in 1881 and is shared by Southland Girls' High, which in those days shared the same school building. Mr Blanchflower also chose the colours Red, White and Blue, probably because those were the colours of the British flag. The School Crest or Logo is in the form of a shield, above which is a depiction of the lamp of knowledge. The three segments show the Southern Cross constellation, a rugby ball representing the School's sporting activities and what is possibly a stylised Southern Rata flower.

FOUNDATION STONE

The foundation stone for the Herbert Street school was laid by:

HON C.J. PARR C.M.G.
MINISTER of EDUCATION
20th October, 1923
Contractors, Wood & McCormack

The Education Minister was presented with this silver commemorative trowel on the day the Foundation Stone was laid. Amazingly the silver trowel, which is an iconic object for the school, was lost and came back to us only because it was hit by a rotary hoe when a man was gardening in Kaitaia, in the far north of New Zealand! He returned it to us in astonishingly good condition so now it is among our precious historic icons. No doubt it will be made use of in a ceremony when in 2026 we celebrate 100 years in Herbert St.

COUNSELLORS CORNER

A TIME TO REFLECT: FROM THERE TO HERE

Kaaren Wilkes

Tena koutou tena koutou tena koutou katoa.

What a journey we have had since 2020 (from there) and we made it (to here). A bit battered, shattered and confused with uncertain futures and goals. There has been some hard mahi, some difficult decisions and some new learnings for us.

Resilience: our ability to withstand challenges and uncertainties.

Togetherness: a team of 5 million focusing on a single goal.

Change: the ways we have had to adjust to our changing environment.

Lockdown: a time to reflect, be with our whanau.

Resourcefulness: ways we have used our brilliant minds to interact, entertain, play, and create things when all else around us stands still.

Acceptance: our ability to accept there are some things in life we cannot control.

Adaptability: new ways to communicate, korero

**‘Whāia te mātauranga hei oranga
mō koutou.**

*Seek after learning for the sake
of your wellbeing.’*

Ka pai for all the hard mahi.

We have noticed, over the past 12 months, an increase in students who are seeking help or wanting to korero (talk) about some of their concerns or fears. Remembering that our three most predominant feelings are love, fear and hurt. From fear and hurt come, anxiety, anger, uncertainty, worry, feelings of helplessness and sadness. Many of these feelings arise because of things that are out of our control. If you have noticed changes in your son's behaviours, seek help, talk with other parents or your GP, talk with us we are there to help and support. Our kids often do not know or cannot say exactly what they are feeling so they will show us in their behaviours.

Ka pai to all our students who have reached out for support, acknowledged their own wellbeing and in some cases the wellbeing of others.

Wellbeing (Mental Health Awareness)

Awareness of our own and others wellbeing (Mental Health Awareness) has always been around, however, this year it has moved beyond just 'thinking about it' and into our homes, our living rooms, and social media platforms. Finally, we are having a korero (conversation) about our feelings, acknowledging that feelings/emotions are part of our human condition. We are not just a physical body, we have a complex makeup that consists of our family connections, spiritual connections, and our mental health connections.

Te Whare Tapa Wha (The Maori Health Model) stresses how these four pillars or cornerstones connect to make us who we are. If our whare stands tall on its four cornerstones, what extra stress do we put on the foundations when one is not functioning or out of balance? We pay lots of attention to our family and physical connections, not so much to our mental and spiritual connections. It is about us working towards developing a healthy balance between all four. Knowing ourselves, our strengths, our challenges, what we can change about ourselves or our environment, and what we need to accept, is the first step in feeling successful and okay.

**‘Manaaki whenua. Manaaki tangata.
Haere whakamua.
Care for the land. Care for the people.
Go forward.’**

Success is not only about how much we have, what we own, what we do, or how powerful we are, it is about accepting who WE are, and feeling proud of all our achievements, no matter how big or small. It is about setting a goal and working hard to achieve it.

Failure is about learning; it is about using this opportunity to look at how we can restructure and do it better next time. Sean Fitzpatrick (Former All Blacks Captain) says [no one] “is going to deliver your dreams and aspirations ... on a plate. Achieving them means accepting [the] hard work”. Success means ‘being the best you can be’.

The Olympics put our mental health or wellbeing in the spotlight. Our athletes are stepping up and sharing their concerns, ordeals, and pressures they have experienced and the effects on their mental health.

Lisa Carrington sums this up: ‘physical and mental aspects of achievement (no matter how small) go hand in hand’. We cannot reach our physical potential if we fail to recognize our mental potential. “Know the mental space you need to be in to successfully complete a task or project.” Government, workplaces, and schools are focusing on how to promote safe working places with emphasis on our wellbeing.

Let us move forward into 2022 with hope, a vision for our futures and a willingness to meet challenges with renewed strength, resilience, and kindness to ourselves and each other.

**‘Mā te whakarongo, ka mōhio,
through listening, comes knowledge,

Mā te mōhio, ka mārama,
through knowledge, comes understanding,

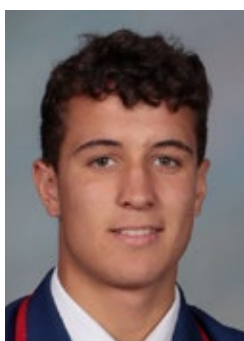

Mā te mārama, ka matau,
through understanding,
comes wisdom,

Mā te matau, ka ora,
through wisdom, comes wellbeing.’**

ACHIEVEMENTS

ROTARY YOUTH MERIT AWARD

The recipient for the Invercargill North Rotary Club Youth Merit Award this year was Poliko Faaliaia.

Poliko was selected by his teachers to receive this award because he whole heartily encompasses the Southland Boys' High School values and the Boys' High Way.

Poliko walks into Room 19 every day with a smile on his face-and he has the best smile! He is always happy and positive and keen to see what each day brings. In and out of the classroom Poliko is kind, caring and will always lend a hand when needed. Whatever is happening Poliko gives 100% and gets the job done! He is a great leader, a hard worker and does everything to the best of his ability.

Poliko could have a career as a commentator! He entertains every PE lesson with his game commentary, which is always encouraging and humorous.

Poliko is a fabulous singer! Every now and then in the classroom Poliko breaks out in song. It is usually a slow ballad and his beautiful voice sends a calm and peace throughout the room. The boys just continue their work while listening to this sweet voice in the background.

Poliko is also a great public speaker and this year was second in the Year 8 speech competition and went on to represent SBHS in the Invercargill Cluster Final.

Outside of the classroom Poliko plays rugby, rugby league and volleyball. He is part of SBHS Toa Moana group and this year had the role of Maui in the Junior Production, and sang in the ILT Christmas Show.

Poliko is a Year 8 Ambassador and uses all his wonderful attributes to be a fantastic role model for the Junior School.

We look forward to seeing him grow into a fine young man as he progresses through our school and achieves everything he desires.

YOUNG ENTERPRISE SCHEME

Kaylin Goodall (Year 11) won the 2021 Lion Foundation Young Enterprise (YES) Southland Company of the Year.

Kaylin designed a hydroponic kit called The Sill, for people to grow their own plants at home. The Sill also won an excellence award for Primary Industries.

Southland Boys' High School teams also took out Excellence Awards. Ice Rival, (Carter Ferguson, Junior Kaiser, Luke Hamblin and Hayden Jones) won an excellence award for Retail, Trade and Online Business. The team developed a product to spray on your car windscreen to clear the screen of ice on frosty Southland mornings.

The other team in the finals was Cards of Colour, Dorian Walker and Rohan Pickett. This team developed a pack of cards that could help identify whether a person is colour blind.

The event was held at the Southern Institute of Technology.

MIHARO MURIHIKU ART EXHIBITION

Sakaria Peseta, Caleb Peseta, and Richie Kuresa won the Pacific Culture and Heritage Award (Senior School) at the Mīharo Murihiku annual art exhibition.

The theme was TANGAROA: Toitū te marae a Tāne-Mahuta, toitū te marae a Tangaroa, toitū te tangata. 'If the land is well and the sea is well, the people will thrive'.

The boys were asked why they thought arts and culture is important. Their answer was: 'We only live once. It's not promised that our memories of our story, our history and our passions will be passed down throughout generations. However it can be embraced and passed down through art. With our formed art piece, we have the memories of our ancestors history, stories and our passion for the SBHS culture which will live forever.'

BLUES AWARDS

Due to Covid restrictions this year we were unable to hold a Blues Ceremony. The Year 13 Blues awards were presented at their Graduation on 12 November 2021.

YOUTHMARK AWARDS

AARON WITHY

Aaron has had a distinguished career on both the sports field and in the classroom during his time at Southland Boys' High School. His leadership qualities have been recognised as he was announced both Head Boarder at Coldstream Hostel and a Deputy Head Prefect for the school.

Aaron achieved Excellence endorsements in both Level 1 and Level 2, and in 2020 received the AM Palmer Award for Best All Round Year 12 Student in School and Games.

Aaron has been a school champion in Tennis at both the Junior and Senior level and has represented the school in a variety of sporting codes. He has been a member of the 1st XI Hockey team for five years, and a member of the 1st XI Cricket team in 2019. He also played regionally for the Invercargill Metro Cricket team in 2018.

Aaron's first passion though is Rugby, and he has been a member of the SBHS 1st XV Rugby team for three years, being appointed Vice-Captain in 2020 and Captain in 2021. His skills and talents on the field have been recognised in wider circles too, as he has previously been a member of the Southland U14 team in 2017 and the U16 team in 2018 and 2019, which he captained in 2019. In 2020 he was presented a Blues Award for his contribution to the game.

In 2022 Aaron intends to study towards a Bachelor of Science at Otago University.

CORBYN SHUTTLEWORTH

Corbyn has maintained a range of interests as diverse as anyone could imagine over his time at Southland Boys' High School. His leadership has been recognised by being named a Prefect in 2021.

Corbyn's biggest passion is in radio. He is currently the youngest announcer on More FM, hosting the popular Saturday morning show. This is a result of Corbyn's work for Mediaworks as an intern over the last two years and his four years of involvement with Radio Southland where he produced his own weekly show The Drift.

Corbyn has also participated in many theatrical productions. He took on leading roles in school productions All Shook Up, Footloose and most recently as Sir Galahad in Monty Python's Spamalot. Corbyn's involvement in theatre stretches to the community, he has also been part of Invercargill Musical Theatre productions of The Wizard of Oz, Beauty and the Beast and Chitty Chitty Bang Bang.

Corbyn is a well-respected musician, having competed in local events such as SoundQuest and Jazz Fest. His covers band Euphoria has become a well-known name in the Southland Music scene.

Corbyn is often seen with a whistle in hand officiating Rugby Games. He has refereed First XV matches and has been an Assistant Referee for Premier Grade. In 2018, he was awarded Rugby Southland's Most Promising School Age Referee award.

In 2022, Corbyn intends to pursue a Bachelor of Broadcasting Communications at ARA Institute in Christchurch, with the aim of a career in radio.

JACK TAYLOR

Jack has relished the challenges that he has faced both on the sports field and in the classroom and is well-respected for his never-give-up attitude. Jack's leadership qualities have seen him named a Prefect and Coldstream House Captain in 2021.

Jack achieved an Excellence endorsement in Level 1 NCEA and a Merit endorsement at Level 2. His achievements in Physical Education were recognised when he was awarded 1st place in Level 2 Physical Education at SBHS.

Jack has had a long involvement in Rugby, both at school and representative level. Currently a member of the SBHS 1st XV, Jack's contributions to the team have been invaluable. As a result, in his first year with the team he received the Dan Wells Memorial Cup to mark his achievements. His skills have been recognised further afield too. He has been a member of the Southland U14, U16, and U18 teams, a member of the Southland Rugby Pre-Academy for two years, the Southland Country U18 team where he was the Vice-Captain and the Highlanders U18 team.

Jack is also involved in Motocross and was placed 3rd in Southland at the South Island Motocross Champs in 2018.

In 2022 Jack intends to study towards a Bachelor of Commerce at Otago University.

MAX MILNE

Max has balanced both academic and sporting pursuits over several years at Southland Boys' High School, and in 2021 has also taken on the role of Head Prefect.

Academically, Max achieved Excellence endorsements at both Level 1 and Level 2 and was inducted into the prestigious SBHS Academic Club in both 2019 and

2020. He has been recognised for his achievements in Accounting, Agriculture, Economics and Statistics, gaining 1st place in each of these classes.

Max has a passion for Hockey. He is the Captain of the SBHS First XI, which he has been a member of for many years. His leadership skills have long been recognised, and he has in previous years been the Captain of the Southland U13 and U15 Hockey teams and this year again the Captain of the Southland U18 team. He has also been named as a member of the Southern U18 team (representing Otago and Southland), and the Southland Mens' Hockey team.

In addition to his Hockey prowess, Max is also a member of the SBHS Senior Touch team.

Max has in recent years been bringing balance to his sporting commitments by challenging himself to take on cultural involvement. He has been a member of the school choir Momentum for two years, and this year joined Dimensions, who competed in the Big Sing for the first time in 2021 and gained a place in the New Zealand Choral Federation Big Sing Cadenza for the South Island.

In 2022 Max intends to study Finance and Accounting at Otago University.

TOBY SMITH

Toby has produced an impressive academic output over his time at Southland Boys' High School, and his leadership skills have been recognised as he was named a Prefect for 2021.

Toby has been the top achieving academic students in both Year 11 and Year 12, accumulating an unsurpassed 133 Excellence credits at Level 1 and 120 Excellence credits at Level 2, giving him entry to the prestigious SBHS Academic Club both years. He has participated in the 2021 Rotary National Science and Technology Forum.

Toby has an interest in Music, having learned Piano for seven years, and Violin for three years. As part of this journey, Toby completed 5 grades of theory learning in a year and a half, passing the Trinity College of Music

Grade 5 Theory examination with Distinction.

Toby has also been a keen participant in sport. For many years he has played Hockey, and in 2020, was the Captain of the SBHS 2nd XI Hockey team.

Toby chooses to give back to the community. He volunteers at The Pantry on a weekly basis. He also holds a seat on the Invercargill City Youth Council, having a say on issues that affect youth in our area.

In 2022, Toby intends to study Mechanical Engineering, with a view to becoming an Aerospace Engineer.

VERE JUKES

Vere has taken on a wide variety of academic and cultural pursuits during his time at Southland Boys' High School.

Vere achieved Excellence endorsements in both NCEA Level 1 and Level 2 and was inducted into the prestigious SBHS Academic Club in both 2019 and 2020. In 2018 he was named Best All Round Student in Year 10 and was announced the winner of the Citizenship Prize the following two years. His ongoing contributions have been recognized when Vere was appointed a Deputy Head Prefect for 2021.

Vere's interest in Trap Shooting has seen him gain major recognition both within school and in outside circles. He has twice been named the SBHS Senior Trap Shooting Champion and has received Blues Awards to recognise his achievements.

Outside of the school arena, Vere has been a Southland Grade winner multiple times, has won South Island championships and has been part of the Southland team competing at Nationals Intercollegiate championships.

Vere has also been heavily involved in The Arts. He has taken on roles in various school productions, notably Willard in Footloose and King Arthur in Monty Python's Spamalot. He has been a member of the school choir Momentum for four years, and was a founding member of Dimensions, who competed in the Big Sing for

the first time in 2021 and gained a place in the New Zealand Choral Federation Big Sing Cadenza for the South Island.

In 2022 Vere intends to study Sport and Exercise Science at Otago University.

SOUTHLAND SECONDARY SCHOOL SPORTS AWARDS

The Southland Secondary School Sports Awards for 2021 were held at the Ascot Park Hotel.

Southland Boys' High School was well represented in all categories.

In the Senior Male Sports Person of the Year category were Jack Symon, MotoX; Max Milne, Hockey; Jack Taylor, Rugby; and Jon Madoc, Mixed Martial Arts. All had been selected for NZ teams in their respective sports. A superb effort which shows a great work ethic and a determination to be the best they can be.

In the Junior Male Sports Person of the Year we had Seth Morrow, MotoX, and James McLeay, Cross Country and Athletics. Both boys are nationally recognised and have won many titles in their sports. They have very exciting futures and we will watch their progress with great interest.

In the Contribution to Sport category, Hunter Jennings, Rugby, and Izaiah Trainor, Touch, were recognised for their refereeing in their chosen sports. They give up a huge amount of time and both are progressing through the ranks. We look forward to watching them on the big stage as they continue their development.

SCHOLARSHIPS

ILT TERTIARY SCHOLARSHIPS

Congratulations to the recipients of the 2021 ILT Tertiary Education Scholarships!

Max Milne, Lachlan Nimmo, Thomas Robinson, and Corbyn Shuttleworth have each been awarded an ILT Scholarship worth up to \$6000, granted for a three year period.

All scholarship applicants are interviewed by a panel and go through a rigorous preparation and interview process, before the recipients are selected.

Introduced in 2007, the ILT Tertiary Education Scholarship Programme selects up to 60 Invercargill students each year.

Careers Advisor Chris Marsh, Rector Mr Coe, Lachlan Nimmo, Thomas Robinson, Max Milne and Corbyn Shuttleworth

JUNIOR REPORT

ANDREA MULLIGAN

Head of the Junior School

The focus in the Junior School this year has been to be a good human, making good choices. The Junior School boys have really embraced this mantra and on a whole have done this, through what has been another trying year.

The year started off with the Year 7 cohort being introduced to the most loved event on the Southland Boys' Calendar - Sports Day, with some descriptions being 'energetic', 'displays of courage', 'the chainsaws made it cool'. The boys embraced the day with some great costumes, head to toe paint and many boys qualifying for the Southland Boys' Champs Day.

We were lucky enough to have Year 7 Borland Lodge Camps go ahead at the start of Term 2. As always this is a great time for the boys to have new experiences and for the class to bond together. The classes had a great time and will remember their first Southland Boys' Camp. Some of the Year 8 classes were not so lucky, with a snap Lockdown happening as 818 arrived at Deep Cove, so those boys were quickly evacuated the following day. Covid has meant that 818 and 819 haven't had their Deep Cove experience, but special mention to these classes and teachers who have dealt with this disappointment in such a great way. The Year 8 classes that were lucky enough to have their Deep Cove Camp, endured a lot of rain but still managed to do all the walks and catch some fish.

School life since Lockdown hasn't been the same and we have really missed Interschools, Assemblies, Market Day, Have a Go and all the other day to day things that make school life special. The boys have coped with the disruption of this and have displayed perseverance throughout the entirety of the year. Even with disruptions, we have still managed to have plenty of successes and moments to celebrate from our weekly sports teams doing well, speech competitions, impressive art and projects being produced, media club managing to find awesome things to film and of course a group managing to find the funny side of life when we can.

This year has also seen us have some changes in staffing. We farewell Miss Katie Tull, Mrs Jess Cormack and Mrs Fiona Underwood, who are all on Maternity Leave and Mr Shaun Fitzgibbon who is heading up to teach the 9-13 students. We welcomed back Mr Ricky Bakker throughout the year as well.

As the Head of Junior School, I am lucky enough to be able to visit classes and it is amazing to watch how much the boys grow and mature since they begin in Year 7 as apprehensive young men and leave in Year 8 excited about the prospect of Year 9 and the senior school and ready to tackle the challenges and adventures they will face. It has also been a pleasure to see how these boys have dealt with the adversities that they have faced over the last couple of years and I know that these good humans will continue to make good choices as they progress through life.

CAPS CHALLENGE

Liam Garthwaite Room 17

Room 17 have been doing some different, fun, exciting homework this year. We call this CAPS CHALLENGES. CAPS stands for community, academic, physical and service challenges.

Basically, you choose to create something to share off the list of many different tasks or challenges. Like community work, family trees, outdoor activities, etc. I myself have done a CAPS challenge where I taught the class the German language. The class seemed to really enjoy it. Now I will interview some people that have done CAPS.

What did you do for CAPS this year?

This year for one of my CAPS challenges I did a make your own CAPS challenge and it was about chopping wood with my uncle and my friend 'Will' and it took us ages. I shared my work with the class by making a poster with photos and talking about what we did.

Dion Wyatt Taualofo

I did one of my CAPS challenges about my family tree. It included my family members dates of birth, age, gender etc. I really enjoyed presenting my CAPS to the class. I made my family tree on a big poster to share.

Matthew Peteru

For my CAPS challenge I made chicken bites with a side salad, it was fun and easy. It was good because it tasted like takeaways. My parents enjoyed the meal that I made. I shared the recipe with the class and showed them some photos of the dishes I prepared.

Jimi Rabbidge

The thing about CAPS is that you get to be creative and mindful so that it succeeds. It prepares you to manage your own time, and you get to choose to explore things that you enjoy.

WRITING

PREDATOR

Liam Garthwaite (Room 817)

Taking cover in the shadows is my priority for my survival. The bushes are swiveling in the wind. It is bitterly cold as I try to camouflage in the dark. The full moon is peaking behind the dark clouds. I can hear my squad being picked off one by one. The howling wind is creaking the stubby bushes. The pitch-black night is covering my position. I can feel the uneven dirt on my stomach. The leaves are falling over and over in the wind. I can smell the pine that is shielding me from the predator that is creeping closer and closer. I have two options, GO HARD OR GO HOME... I'm throwing a stick as a distraction and bolting now. As I'm running the A320 roars past my position, hard in for landing, like an F16 on pursuit.

The predator is no-where to be seen.

I make it home first, I'm never to be found and for the next round I'll be the predator for spotlight.

THE BEACH

Neo McCrostie (Room 715)

As I run to the water, the blazing sand scorches my feet and the burning sun cooks my back.

I run into the cool shallow water, I keep running deeper and deeper, well more like splashing.

The water is just below my chest I look out deeper and spot a ripple of water then the ripple grew bigger, and bigger.

I clutched my board and jumped on, I began to paddle then swoosh I was off, the salty wave took me all the way back to shore.

CAMPS

713 - BORLAND LODGE

On a fairly wet day in the middle of May, Room 13 jumped on the bus to travel to the popular Year 7 camp at Borland Lodge. They were met by the Adventure Southland instructor, who gave them a few tips and tricks before venturing on the first activity tramping the South Borland Lodge track. Fortunately, all the students made it back in one piece. It was a wonder that none of them were sucked up by the muddy track but that was half the fun!

After a delicious dinner of lasagne, the 'Minute to Win It' games came out. The boys tried hard to beat the parents' team but they were too skilled and experienced, hence taking out the Minute to Win It championship title!

The next morning the class woke up to snow on the ground but that wasn't going to stop them from participating in all the fun activities. It might have been bitterly cold, but they all trudged on!!

Room 13 students showed a lot of perseverance, resilience and tenacity to get through the activities on such a miserable day and it didn't squash their enthusiasm to have fun and enjoy the outdoors.

On the way home, the bus stopped at the Clifden Suspension Bridge to learn a bit about this historic bridge that spans over the Waiau River.

A very big thank you to the parents who came along – Ismay Howden, Dave Huggins, Jo-Ann Hall, Shaye Tuhou and to Mrs Jessica Cross, who was the back-up teacher. All of them were a great help to the boys as they experienced the great outdoors of the Fiordland National Park!

714 - BORLAND LODGE

On May 12 all of room 714 hopped onto a bus headed for Borland Lodge. It was a 2 hour long journey and we stopped off at the Otatau playground for a quick break. When we arrived at camp we unpacked the bags and set up our sleeping bags after we were finished we ate lunch then we went on the Borland Road walk for about 2 and a half hour walk some of the highlights were Flynn falling and tripping down the hill, walking through all of the mud and ginormous puddles, some people such as Flynn lost their shoes in all of the puddles.

After we got back we had showers and freeplay time in the field. There were all kinds of sports such as Soccer, Basketball, Volleyball and Rugby. After we had our free time we came in and had a dinner of Lasagna, coleslaw and potatoes, for dessert we had custard, fruit salad and ice cream. We played bedtime battleships, spotlight and sock wrestling the parents joined in with bedtime battleships so all of the students honed in there throwing skills to hit and eliminate the parents. After a few rounds of battleships it was time to go to bed in my cabin. We talked and told stories then tried to doze off.

In the morning we had our cook up of eggs, spaghetti, chips, cereal, toast and baked beans. After breakfast we went to our morning activities. The activities were abseiling, horizontal bungy, archery, bivi building, low ropes course and indoor team building games. Some of our most memorable moments were abseiling down the drop, trying to get to the cone on the horizontal bungee and building all the bivi huts.

Later that night we had a big campfire and told scary stories apart from Flynn's russian communists stuck in the tree story. One of the parents caught a possum with their shadow fingers. When we woke up we had leftovers for breakfast and then had to pack up and load the bus with our gear. We hopped onto the bus and all of room 714 were very tired. Some of us fell asleep on the bus.

When we got back to SBHS we got our bags and met up with our parents. I think that everyone had a great time, peace out!

715 - BORLAND LODGE

Isaiah Ratumu, Charlie Mason and Ryan McLean

On a fresh but sunny Wednesday morning Room 15 eagerly waited for the bus to arrive to take us off to

Borland Lodge Camp. We were accompanied by Miss Fairbairn, Miss Hogan and 6 willing parents. After following a herd of cows down the road for what seemed like miles we finally arrived at the camp.

After getting ourselves organized we made our way to the start of the East Borland Lodge walk, and made the journey through swamps, bush and mud to make it back to camp for some afternoon tea. We finished off the first night with a bonfire and some of us stayed up to check out the exciting blood moon!

Day Two brought some drizzle to keep the sandflies at bay and we embarked on a day of activities. Abseiling, bivvy building, low ropes, archery, and horizontal bungy kept us busy! After a fun filled day, we ended the day with some musical Naughts and Crosses and bed time battleships!

We woke up to another drizzly morning to get ourselves packed up and ready to head back to comforts of home! Before we embarked on the tidy up of the camp, we went down to check out all the bivvys and do the all-important, water proof check! Some of us got more wet than others!

After getting all packed up we then boarded the bus and enjoyed a noticeably quieter journey back to school!

817 - DEEP COVE

Levi Te Amo

This year, SBHS's Year 8 classes travelled up to the beautiful Doubtful Sound for their camping trip at Deep Cove. In comparison to their previous camping experience as Year 7s at Borland Lodge, they were certainly in for drastic differences. As a student of Room 17, I accompanied my fellow classmates during the camp week; the following report is written from 8-17's perspective.

Students were slowly arriving at Southland Boys' High

School, congregating by the front gates, chatting in wait with the morning sun shining along the street, a mountain of suitcases and travel bags piled against a fence. For a winter morning, it wasn't all that cold, it was looking to be a nice departure for us. In time, each individual listed on the camp roster arrived, we tried our self-numbering off, our first few attempts were futile, but when we managed, we were able to step onto the bus for the first part of our trip.

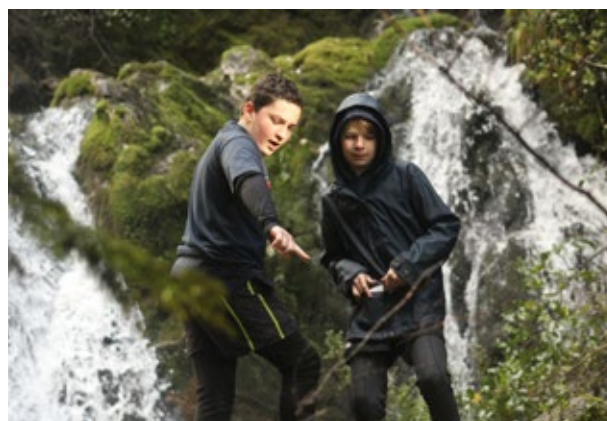

The calming noise of the friction of the bus moving along the road was easily overshadowed by the indistinguishable chatter throughout the vehicle and the pop-music on personal speakers playing in the back. I had the wonderful opportunity of sitting in a window seat, giving the colourful view of the hills, generously littered with stationary, white sheep. A short stop at a playground, a few mountains and quite a few trees later, we made it to the second third (and most anticipated) part of our travel, the boat! A human conveyor-belt was formed, and the bags were loaded in, then we set sail.

The boat trip was easily the most enjoyable part of the journey to the camp, it was relaxing and a little quieter and on top of that, the sights were amazing. We passed a variety of untouched islands and giant mountains on our way. We also were able to use the deck upstairs, granting an even better experience, though it was very hard to hear people, they were being drowned out by the boat pushing through the water and wind.

We finally reached the last bus ride, which wasn't anything too notable, and we made it to the Deep Cove hostel at last.

We settled into the hostel very quickly, receiving our demonstration of drills and the expectations for behaviour, and after everyone had set up, we got right into the first of our planned activities, the Brassel Point walk. The walk is a great introduction to Doubtful Sound, starting just from the hostel area itself, it went along beside the lake, this took up main part of the first day, having us seemingly tired by the end, though that didn't seem to be the case at all with the typical camp shenanigans over the night.

The next day had us start on the Old Doubtful walking

track, which is a branch from the initial Brassel Point walk, it was the longest of the walks, taking all morning to get through, stretching through a thick forest and looping around back to the hostel by the end of it.

Exhausting as it was, the Old Doubtful track was another enjoyable time for everybody. In the afternoon of the second day, our assigned groups were set with a variety of activities for the remainder of the day before dinner, these activities were mostly based around craft, the exception being fishing on the lake for some groups. Those who weren't fishing were inside, learning and creating, examples of this are: the regeneration cake, displaying how land flourishes over time with the use of multiple toppings, and we had some competitive things like paper tower building and plastic-jacket creation. Another exciting day finished with dinner and Bedtime Battleships, a game where us students acted as ships, lying in random places and slowly heading off to bed when you have contact with the ball.

Day three was the final full day at Deep Cove, and in my opinion, the most fun of all. We prepared that morning for the long-awaited cruise mentioned on the timetable, and it did not disappoint. Taking us through to the late afternoon, the boat cruise on Doubtful Sound was an incredible experience, taking the win for my favourite activity for a multitude of reasons. The cruise had the best views out of every other activity, the mountains dotted with sporadic waterfalls in a variety of sizes, the water a pleasant blue, and the most incredible part of all, the photogenic seals spread about on the rocks. There were many great moments on this cruise, one of them being when a few of the students attempted to withstand the wind at the very front of the boat. We also learnt the hard way on this day that a few of us are prone to seasickness.

For the final big part of our Deep Cove camp experience, we started the dreaded Hanging Valley walking track. Hanging Valley is the most often discussed activity when it comes to this area, we finally understood why when we got to it. The track is very steep and far more difficult to traverse when it's wet. Despite not being the longest, all of us say in agreement that Hanging Valley was the most challenging task during our camp, though, the sights were completely worth the trouble. The track felt as if it were endlessly going upwards, rarely providing us a suitable place to take a break, there were many slips throughout the muddy and soaked terrain (heads up, gloves are absolutely essential), but the classroom managed to pull through. We took the time to view some of the amazing places along this track and eventually, and to my amazement we... only nearly made it to the end. Unfortunately, a fallen tree managed to block our last 100m of the walk, it was a little bit of a disappointment, but we picked ourselves up, turned around and knocked out the track on our way back. Everyone slept well that night.

The final day came, cleaning was done, and we made our way back to school.

In the end, I think that Deep Cove was an awesome experience for everyone, and it really brought us together as a classroom. The parent help and the teachers have our combined gratitude for helping massively with everything we did; the camp wouldn't have happened without you, thanks so much.

820 - DEEP COVE

Alex Wells

Deep Cove was a once in a lifetime trip starting from the bus trip to Manapouri, then jumping on a small boat to the other side of the lake at West Arm and the power station. We docked the boat and got on another bus that took us over the Wilmot Pass to the Deep Cove hostel, where we were going to live for the next three nights.

After we were all settled, we got told to get ready for a small walk to Helena Falls. It was a really enjoyable walk through rivers and creeks and jumping across swing bridges. By the time we got back it was time for tea. After tea we all relaxed and played some games. Then we headed off to bed.

The next day we got woken up by people running up and down the hall. I got dressed and went downstairs for breakfast. After breakfast we got told the news that we were doing the Hanging Valley walk and then the Old Doubtful walk after lunch. We got ready and headed straight up Hanging Valley. It was straight up a steep mountain. It was harder coming down than going up. We went back to the hostel for a quick cup of soup for lunch. We then put our boots back on and started our Old Doubtful walk. It took us up a small mountain that led us out to the Wilmot Pass road. Then we had to walk all the way back down the road to the hostel. We had tea and relaxed until it was time to go to bed.

When we all woke up on day 3, we had a big breakfast and just relaxed for the first bit of the morning. Around 11:00 we walked down the road to the boat dock and jumped on a catamaran boat that was going to take us on a 3-hour boat ride out to the Tasman Sea and back. On the boat we went over really big waves that made about seven boys throw up.

After the boat ride we all just relaxed and went fishing. When we had finished fishing, we were told to go into our rooms and start packing up our stuff. By the time we had packed up our stuff it was time for tea. After tea we relaxed and watched a movie and then headed off to bed.

The last morning, we cleaned up the whole hostel and packed our stuff into the bus. After everything was

cleaned up, we jumped onto the bus and went back through the Wilmot Pass to West Arm. We stopped on the way and had a snow ball fight. We got on the boat to go back to Manapouri and then got the bus back to Invercargill.

When we got home to Invercargill we found out we were going into lockdown because of COVID 19.

820 - DEEP COVE

Izack Poutasi

Deep Cove is the most peaceful and beautiful place in the whole world. As we got off the first bus, we got on to a long white boat to get to Deep Cove. We saw a cool power station at West Arm, and we saw Room 17 when we got off the boat.

We walked across a long swing bridge to see a mini waterfall and kept on trekking and came across a stream leading to a waterway. We walked across streams to get to the one and only Helena Falls, surrounded by a long white cloud.

It was a choppy and windy day. As the boat left, we immediately hit a rain and thunderstorm. It was the first time I saw Aiden fly! We got to the end of the sound and went down a few arms before we went back to some nice food at the hostel.

821 - BORLAND LODGE

Lucas Templeton

Deep cove camp, a treasure hidden behind the mountains of Fiordland. Only accessible by boat or helicopter.

The bus, filled with chaos and laughter, and then launching off at the Manapouri harbor, we were mostly camped up on the top level of the boat, feeling the wind as it rushed against our faces, the boat traveling at a steady 17 knots, you just feel at peace. Time had stopped we looked around at everything we saw, the boat ride dragged on and on (in a good way). And as

Manapouri power station loomed into sight, I knew our fate had been sealed, mosquitos, we made it out alive... barely.

Walking, a major part of deep cove, we had hanging valley aka a grueling uphill trek, and the beautiful Helena Falls walk along with many others. P.S. Helena Falls water is great.

How about the actual camp, great in many ways, we had time to do things that we enjoyed such as fishing, exploring around the camp and talking in the lounge.

Personally, my favorite part was the fishing, I'm sure many people would agree with me. There was a whole variety of species that call Deep Cove home such as many species of sharks, rays, and small fish species. The most common fish species to catch off the wharf were the spotties (wrasse) and Jock Stewarts, small but great for beginners.

By the time we had left we were all exhausted and tired, very unlike at the start when we all pumped up with energy and ready for an adventure, the boat ride back to Manapouri also went in a flash (unlike last time).

The top three moments of the camp were some of the boys getting to drive the boat, the cruise out to sea and finally Nawaf jumping into the water off the end of the wharf to grab the fishing rod he dropped.

822 - HANGING VALLEY

Sjaan Ngeru-Frew

It was an early start that day, raining outside, no sunlight to be seen. Was it like this every morning in Deep Cove? I put my clothes on and went down for the chat downstairs, got my torch, my bag, now I'm set, and the class strolls out into the damp and cold Fiordland morning.

I knew after that first step on the worn Hanging Valley track, that there was now no turning back. It was still

dark, only 6 c'clock in the morning and averaging at only two degrees Celsius. Sounds of all kinds surround us, from a small waterfall to continuous rain landing on our waterproof jackets or the trees above, a faint mumble was heard every now and then, but was drowned out by the sound of the squelching mud or as I said before the never-ending rain. 5 minutes in we lost two kids and an adult to the dreaded urge of having to poo. 10 minutes into the walk we had our first break as we had only experienced a minor taste of this huge walk. After our break we were once again left to climb Hanging Valley. We had been at this walk for half an hour now and light had only just begun to show itself over the huge mountains that surround Deep Cove.

We were now halfway through our long trip towards the top, our surroundings remained damp and it contained to rain, an exit out of the bush which led onto a rocky path and accompanied by a river 50 meters below. There was also a little pocket of open sky, but other than that grey cloud is what you call the sky. The class enters with minor injuries (a couple of kids falling over) but we pushed through. It had been two hours now and we were almost there, we had lost two men at an early start, but we all eventually pushed through and were rewarded with the beautiful scenery of breathtaking Fiordland bush and an astounding waterfall. We were 450 meters high yet probably another 500 above us, we had walked a total of two kilometers and I sure as hell felt it.

After a small rest and some lunch, the group and I set off once again toward the destination of the Deep Cove hostel. This time the rain a little heavier and found less frequent to stop. The terrain was damper

and contained multiple pockets of water due to the amount of rainfall. So, we set off once again this time going down, the way which I see is it, the dangerous way. After 20 minutes we once again reached the rocky path. Although the slight change is that we recognized the memorial of Keas Ken. Mr. Skelt explained why you never leave whiskey out in Deep Cove because Kea's may like to get drunk.

We continue our journey down the track, with an estimate of people falling over at least once every minutes. 10 minutes is left until we reach the hostel, adrenaline is pumping, and I start to pick up pace knowing that rest and dry clothes is not too far away. I see things I saw on the start of our journey pipes, certain shaped trees, and finally a slight glimpse of the hostel. I run off not caring what I am told or what is in front of me - I made it back to the hostel.

I was happy, I walked one of the hardest walks in Fiordland.

I walked Hanging Valley.

831 - BORLAND LODGE

Borland Lodge was epic. Our class had so much fun. From bush walks, to bedtime battleships. There was fun for everyone. Some people didn't want to do some activities like abseiling but apart from that it was great with nice weather! We did cool activities like archery and the bushwalk which was messy and muddy. During the bushwalk, the water was knee deep for some people. Kids were even popping manus in the deep part of the water. Making bivvies was a highlight. One of the groups one was nearly invisible and could fit up to twelve people inside. Borland done, Deep Cove here we come.

832 - BORLAND AND THE NIGHT WALK

It was a deathly cold night; the moon was shadowed by passing clouds and a flicker of stars pierced the thick blanket above as Room 32 ventured into the unknown.

Rain and hail like shards of glass pelted our unsuspecting warriors as they soddenly trudged toward the entrance of the Deathly Hallow. These soldiers were met by me, their Lieutenant and Master at Arms where they were given instruction on how to proceed into the pitch black of the night.

"Hold on to the rope. No torches. Walk to the finish."

The journey was treacherous, winding through the bush in the pitch black of night. Fallen trees, decaying stumps and broken branches all looking to impede, trip up or impale my would-be soldiers.

Whilst in the depths of this jungle, terror was found...

The screeching of native wildlife and other forgotten Fiordland beasts from a time long ago smelt fear on us.

"Do you feel safe in the pitch black with your eyes closed?"

The pounding of hearts, the taste of terror dripping from their foreheads and for some, a smell of last night's dinner in their pants.

Not letting go of the rope as it was our only guide to navigate what we could not see, no end in sight. Wind howling above, a branch brushing the shoulder a bead of water falling landing on your nose, the fear is real when you can not see.

Traversing the terrain, twisting, winding, turning the rope comes to an end... "What now?"

Fossicking through undergrowth, an uncertainty creeps in as there is no direction in the dark...

"Where do we go?"

Lost forever or rely on the skills of our intrepid bushmen...

Emerging on a tree line in the middle of nowhere, a well-trodden track lay before us and the faint glimmer of camp to guide us home.

Weary, cold and tired, nothing more than respiring husks sort the solace of a hot shower and bed.

COVID STRIFE

By Ben Boake

Heading into lockdown i know the deal.
Time alone ill have to steal
mum making sure we dont leave home.
No going out not allowed to roam.
Crowds are gone no trace of life
Everyone going though this covid sthif.
Every human locked up inside.
Contacting my friends trying to go
for a ride.
My step dad with out a clue
mum comes in telling me what to do
Finally lock down level three
Fun with my uncle guaranteed

LOCKDOWN 2021

STUCK AT HOME ALL ALONE,
WONDERING IF MUM IS ON HER PHONE,
CREEPY COVID CATCHING PEOPLE - OH, OH!
THIS SHIZZ IS ONE BIG MISSION
SITTING ON MY BED TRAPPED IN A PRISON
TRYING TO TALK THROUGH THIS DIGITAL DIMENSION
WONDER IF I WILL HAVE A COLLISION
CHILLING OUT, NOT DOING WORK.
WILL MISS THINKING "WHAT A JOCK"
MUM LOOKING AT ME WITHOUT A CARE
MUSIC BLARING, ZOOMING EAR TO EAR
MAYBE IF I FALL ASLEEP
SOMEONE WILL SWEEP ME OFF MY FEET.
TRYING TO FIND ~~STUFF~~ *Yea!* TO RHYME,
THINKING WHAT A WASTE OF TIME!

By
Jade!!

Lockdown Life

Lockdown aint nearly over yet
but still were told not to fret.
we are trying not to get upset
But im a fish caught in a net.

The night before we were on
holiday blissfully unaware of our
sudden getaway.

Than bang! we were on the
highway, with covid not so far away.
So the citizens connected to kick
covid clear, so now its nearly
in the rear.

Lockdown was a deadly bore
Hopefully we have nothing more to endure.

You are Leaving
Holiday

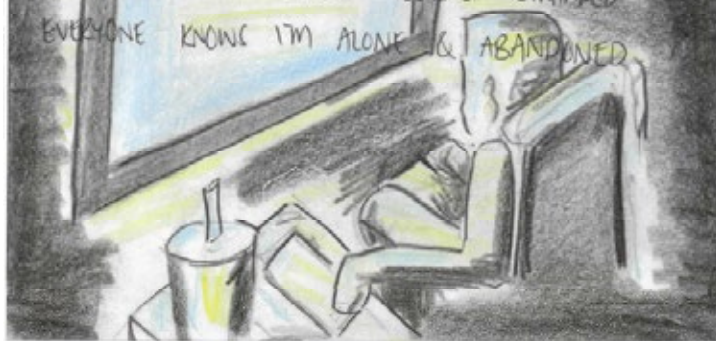

Welcome to
Quarentine!

By TIM

LONELINESS

By Kaleb Hibbs

CREATURES CARRYING CRAZY COVID,
TAKING AWAY MY TIME AS A KID.
LONG DAYS LEADING TO LONELINESS
TOO MUCH WORK FEELING HOPELESSNESS
LOCKDOWN KEEPING US INCONVENIENTLY ISOLATED
FAMILY & FRIENDS CONSTANTLY SEPARATED.
SPENDING ALL MY TIME RELAXING
NONE OF MY WORK I'M UNDERSTANDING
NOT REALLY HAVING THAT MUCH FUN
FINDING EVERYTHING A MASSIVE MISSION
AT HOME BY MYSELF FEELING STRANDED
EVERYONE KNOWS I'M ALONE & ABANDONED

My Lockdown By Harry Fletcher

Sitting, staring at the supermarket line,
Sitting in the car wasting time.
Waiting for Mum to finally walk out,
Then onto get Dad's beers without a doubt.
Disobeying lockdown rules,
Hardly doing any work for school.
Secretly meeting up with mates,
After I quickly scoff my plate.
Pretending to practice social distance,
But when nobody's around there's no resistance
Telling our parents a version of the truth,
Trying to make the most of our youth.

LOCKDOWN

THIS HOUSE SHOULD FEEL LIKE A PRISON
LIVING LIFE WITH THESE COVID CONDITIONS.
GETTING UP EARLY TO GO TO WORK
STAYING UP LATE SO SCHOOLWORK I DON'T SHIRK.
FANGING AROUND ON THE MOTORBIKE
DELIVERING TREES, AN UBER I FEEL LIKE
SECRETLY CATCHING UP WITH MATES
AFTER I QUICKLY SCOFF MY PLATE
DREAMING & DREAMING ABOUT THE BIG MAC
MY MIND IS GETTING SIDE-TRACKED
AROUND ME THERE ARE SO MANY DEER
I KEEP THINKING I WISH MY GUN WAS HERE.

By Cody Lawson

CURRICULUM

CAREERS

TRADES CAREER EXPO

This year we hosted the inaugural SBHS Trades Career Expo. 19 different businesses and training organisations representing hands-on trades and industries came to school for the day and offered our boys a chance to learn more through varied and interesting interactive exhibits. The purpose of the expo was to increase our boys' understanding of the scope of jobs and opportunities available in the hands-on trades space. We plan to hold the next SBHS Trades Career Expo in 2023.

Thank you to the following SBHS Trades Expo businesses and training organisations:

- Suite Southern Upholstery & Auto Trim Ltd
- Downer
- Civil Contractors Association
- South Roads
- JJ's Ltd Diesel Mechanics
- Niagara
- HW Richardson Group
- Asplundh Vegetation
- Speedy Signs
- Southland Farm Services
- Southern Institute of Technology
- MITO
- ETCO
- Southern Group Training
- One Staff
- First Base
- The Coffee Shot
- The Saucy Chook
- RKP Pizza

GATEWAY

There were 29 students on Gateway this year and we would like to thank all the businesses who mentored and took on a student, without you there would be no Gateway Programme. Of the 29 students, 10 have successfully gained employment, 11 have enrolled in pre-trade courses at SIT, 2 are continuing at SBHS and 6 have gone on to apprenticeships. Many of these students also gained their MITO or BCITO Certificates from industry specific units under the Industry Training Organisation. The Certificate is the completion of 20-unit standards that involves both theory learning and practical application in their industry.

Trades Expo

This has been a very successful year for Gateway and we look forward to 2022.

AVIATION

Two of our senior Gateway students, Neil Cowie (Year 13) and Sam White (Year 13) have been studying Aviation in the Gateway programme with SBHS Old Boy, pilot Francois Davis.

Francois has taught the boys a lot over the past two years including Flight Radio and he has taken them out to Southland Helicopters Ltd at Tussock Creek to look at their impressive fleet of machines and hear from a maintenance engineer who explained the intricacies of aircraft maintenance.

Francois has also arranged trips to the Invercargill airport control tower where air traffic controllers explained their role in the aviation industry.

A tour around the main runway at Invercargill airport that was conducted by the local crash/fire unit gave the boys an insight into another vital part of airport operations.

Sam White and Neil Cowie

Thank you to the following Gateway businesses:

- Addaroom Building and Design
- Agri Centre Southland
- Francois Davis - Aviation
- C. Brown Builders
- Goble Building
- Gough Engineering
- GWD Russells
- Greenacres Golf Club
- Hamish Broomfield Building
- Hays Run
- Jason Barlow Building
- Mediaworks
- Miharo
- Newfield Auto
- RDR Builders
- Ryal Bush Transport
- Smiths Do Build
- Southern Mechanical Services
- Southern Suzuki
- Southland Farm Machinery
- Southland Cricket
- Stabicraft
- Stalker Building
- Three Rivers Contracting
- TW Dairy Ltd

CATERING AND HOSPITALITY

At the beginning of the year we were lucky enough to have some students working with former SBHS student and chef Ethan Flack. Ben Stewart and Hunter Campbell were able to learn new skills and gain an understanding of what it is like working as a chef and being under time pressure. The boys really enjoyed the experience and it was a privilege to be part of the fundraiser for the

Ronald McDonald Family Room in Invercargill.

In May we were invited to be part of the Famous Young Chefs Dégustation Luncheon at SIT. Brodie Massie, Aiden Burgess and Hunter Campbell worked alongside an array of famous young chefs to prepare and serve a 5 course lunch using Southland's fantastic produce. It is exciting having these opportunities for the catering students to participate in. It gives the students a chance to develop their skills and explore the culinary world.

In July we were invited back to work with chef Ethan Flack for the Coldstream Hostel Parent's dinner. Liam Bamford and Zeck Bragg were able to put the skills they have learnt this year in catering into practice. It was a great experience for the boys to challenge themselves in this type of environment. It has been fantastic seeing the student's showing so much enthusiasm when participating in community events.

JUNIOR CATERING

This year the junior Catering students have been making dishes that incorporate fruit and vegetables. The focus has been on food preparation, cooking skills and food safety. It has been exciting watching the students grow in confidence when working in the kitchen and showing off their cooking skills. The students love sharing the food they have prepared with the staff at SBHS and getting feedback on their dishes.

Ben Stewart, Ethan Flack, Simon Coe, Brendan Baucke, Hunter Campbell

Ethan Flack, Brodie Massie, Aiden Burgess

Zeck Bragg, Liam Bamford

TRYLINE CAFÉ

It was a busy few weeks in the lead up to the Tryline Café this year. The year 12 students worked extremely hard to put together a takeaway café in August.

Unfortunately, the students were only able to service one café as Covid interrupted and then we were unable to continue. The feedback from staff was well received and the boys and I appreciated the support from the SBHS staff!

The senior catering students have had success in a wide range of culinary skills this year:

- Knife skills
- Barista - espresso coffee
- Baking - bread, cakes and pastry
- Meat, fruit and vegetable cookery
- Food safety and hazards

I am proud of the effort the students have put in this year and am looking forward to seeing what amazing events they participate in and food they create next year in catering.

CHESS

OTAGO/SOUTHLAND SECONDARY SCHOOLS CHESS TEAMS CHAMPS

For the first time ever, a Southland team has won the Otago Southland Secondary Interschool Teams Championship, qualifying for the national tournament.

Southland Boys' High School pupils Oshadha Perera, Dylan Lee, Atlas Kerr and Kit Zoreno were happy to have been the overall winners at the event held in June.

On receiving the engraved cup, Lee said it was a good feeling to have achieved what they had. Having competed in the event since Year 9, this was his last year to enter.

Oshadha Perera, Dylan Lee, Atlas Kerr and Kit Zoreno

He said the competition was a little harder than previous years. "So that is quite fulfilling."

While he expected they would do well, he felt the outcome was dependent on who the competition was; the event had a record number of 18 teams.

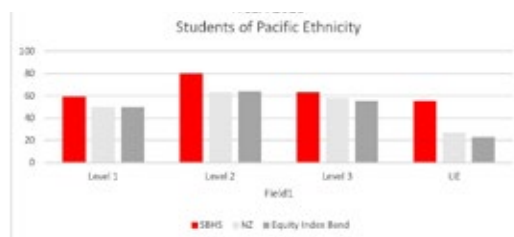

CULTURAL ACTIVITIES

Junior Tonga

Kia ora, Kia orana, Malo, Talofa, Bula and many warm returns.

It has been a difficult year to say the least with cultural events for us here at SBHS. For the week of Murihiku Polyfest, we had high expectations to absolutely blow the crowd away with our Kapahaka Rōpu, Te Ara Hou Ki Mua combined with Southland Girls' High School during the day and then again with our Pasifika group, Toa Moana on the Thursday night. The items were polished and the students were pumped but then Delta hit! One week out from the big stage we snapped into another level 4 lockdown. The boys were gutted to say the least as they had spent hours and hours practising and critiquing their performances.

When the opportunity came up for an online video, we were once again excited at the prospect of performing but the limitations to outside visitors to schools i.e. SGHS coming to us or vice versa, would make it

impossible to showcase all the necessary elements of kapahaka. Toa Moana leaders had to make the hard decision to not submit a video as the change to later in the year put extra pressure on those students who

were doing NCEA. So like many other schools, we had to watch from the side and ponder what could have been.

We are saddened that our students didn't get the opportunity to perform but also motivated to ensure stunning performances for next year.

We would like to say thank you to the Senior Leadership Team for your support of our cultural activities. Also a big shout out to our whānau/aiga, fa'afetai tele lava, ngā mihi nui, kia manuia for ensuring your son made practices and supporting them over the year. While didn't get to showcase how amazingly talented our boys are to the community, they still had the opportunity to learn, laugh, dance and grow together in the brotherhood of culture here at SBHS.

Onwards and upwards for 2022.

Kia orana, e kia manuia.

POLYNESIAN PANTHERS VISIT

Caydan Garthwaite

On Wednesday the 14th of April the hub of Oreti was lucky enough to have some visitors - the Polynesian Panthers. Pauline Smith, Dr Melani Anae, Rev Alec Toleafoa and Tigilau Ness came to school to pay us a visit and teach us about their experiences being Polynesian Panthers.

In 1971 in Ponsonby, Auckland is when they couldn't take the hate to the Polynesian community any more, and sick and tired they decided to do something. The Polynesians were invited over to New Zealand due to a lack of workers. On the 16th of June 1971 was their first meeting; they shared their own experiences and encounters with police. They told us how they were woken at early hours of the morning broken into just to be sent back to their country.

Dr Melani Anae was only 16 years old when she decided that she was going to join the Panther's movement, she had to climb out the window just to get to the meeting showing us the dedication they had towards the group.

The group even started homework groups for after school and helped make sure people had a place to stay where they felt safe and food and water was available. Even through the negatives they always kept their heads up high and brought out positives. In school kids were hidden under the floorboard when police showed up to take them. We had the opportunity to ask questions, so we had previously written questions we wanted to ask them. I found the dedication that they had towards the group very interesting, I also found it interesting how a little group managed to accomplish big things and they never gave up even if they were

battered or bruised.

DEBATING

Mrs Welsh

Debating is a team sport, made up of three agile minds that can take down an opponent's argument with a cutting point of interest or a rebuttal that points out why the opponents thinking is so flawed.

Debating is the art of being able to think on your feet and persuade a judge why your point of view matters more than the other teams' point of view. Debate topics are based on serious ethical and moral issues much like a lawyer defending a client in front of a judge. Often a debater must defend (Affirm or Negate) a philosophical point of view that is different from personal beliefs.

Some of the debating topics have been:

- Performance enhancing drugs should be legalized in sports
- Unions should be abolished in high skilled jobs
- The 2021 Olympics should be banished
- There should be a universal language
- Streaming in NZ schools provides no purpose

INTERSCHOOL DEBATING OPPORTUNITIES

In 2020 the SBHS Junior Team won the Southland Schools competition. The Y10 Team and the Senior

Speech Cluster Final

team were placed in the finals.

In 2021 the Junior and Senior Teams have represented SBHS at the John McGlashan, Otago Boys' and King's High Interschools. The Y10 team remain unbeaten. The Senior Team stalwarts of Hunter Jennings and Dylan Lee are in the NZ debating development teams.

In August SBHS was to host the Southland Regional Debating Competition. Unfortunately, this was cancelled due to the Level 2 Covid restrictions. In 2022 we plan to hold the Southland Competitions and defend the trophy won by the Y9 team in 2020. With that in mind we would welcome any student who wants to come to 4P at lunchtime and be apart of the debating group.

Being able to speak confidently is a skill that many of our students develop in Debating and leads onto entering other competitions for speech, such as the Rotary Speech competitions which has a monetary prize. Being able to confidently speak is an important skill for our Prefects and often our debaters leave school and go onto Law School or Politics.

Dylan Lee and Sam White have been lynch pins for the debating team over the last five years. Dylan is going to University next year to study Law and Sam has the potential to be in politics. Thank you both for everything you have done for debating at SBHS. We will miss you.

HEALTH AND PHYSICAL WELLBEING

During 2021 Health & Physical Wellbeing (HPW) had a strong focus on improving the overall wellbeing of student, especially their fitness levels. Classes were able to participate in a variety of skill development opportunities throughout the year, even with the interruptions of Lockdown.

In Year 9 and 10 HPW, Student Hubs covered a variety of topics in Health such as:

Values of the School and in society / Drugs & Alcohol / Smoking / Diet & Nutrition / Fitness Awareness / Anatomy / Social Responsibility within Groups.

Health classes had many opportunities for group work, sharing ideas and providing chances for students to share knowledge/discuss topics within smaller groups.

In the practical part of HPW, topics ranged from: Fitness Testing / Badminton & Table Tennis Striking Skills / Volleyball & Basketball Skills / Turbo Touch / Athletics / Round the Park Running Programme, Foreign Games such as Tchokball, Handball and Viperball. As well as Traditional Maori Games such as Ki O Rahi and Tapu Ae.

Fitness Testing ensures students are tested and

challenged twice a year to improve their fitness levels. Students measure time, and record their fitness levels, all to help in the understanding of the limits of their physical strength. Goal Setting is used to allow students to set a realistic target to work towards.

Physical Fitness Tests include a Physical Strength assessment both for the upper body and lower body, measured by pull ups / press ups and an explosive vertical jump. Agility and speed are measured by a timed agility run. Aerobic Endurance is calculated by the Beep Test and YoYo Test, and finally flexibility is measured by a sit and reach hamstring test.

This helps determine a student's overall fitness in Term 2 & 4, gives teachers a great measuring tool and helps students to set goals and see their progress.

Students are also assessed on a variety of practical skills, and with many students taking Health & Physical Wellbeing at NCEA Level One, practical demonstration and the analysis of skills will gain student credits.

One of the Departments goals is the social development of our young men within a team environment. Developing and enhancing the interpersonal skills young students need these days, is an important focus point.

The Social Responsibility Model is an excellent way to continue to build their social skills, team work elements and demonstrating our school values, and incorporating our motto 'Not for school but for Life we are learning'. At Year 10, this unit also provides a platform for NCEA Material that is revisited at Year 11 HPW.

In the senior Physical Education courses many students achieved to a good level, gaining internal standards throughout the year. Many students enjoyed and excelled in the Practical Performance standards, gaining good grades in these practical standards.

While students enjoyed the practical element of the Physical Education courses, the written component of levels 2 & 3 remains a challenge for some students. Having a combination of theory and practical standards is the key to a balanced course, with support and

Health class

advice leading up to the assessment requirements an important step.

Some standout Year 9-13 students during the year due to their Engagement & Application & Achievement in Health classes and Physical Education.

Year 9 HPW: William Paris, Carter Milne, Harlan Schmidt, Josh Reynolds, Tom Smith, Jad Ford, Sam Collinson, Alex Hawkes, Achindra Abeysinghe, Jaziah Smith, Saxon Brookland, Luka Salesa, Logan Palfrey, Alex Stevens, Tom Gray, Layton Rangitoheriri, Blake Shaw, Rory Coe, Cooper Mitchell

Year 10 HPW: Thomas Spain, James McLeay, George O'Connell, Magnus Jamieson, Mika Muliaina, Lucas Jennings, Drake Fowler, Liam Ramsey, Thomas Jennings, Sam Kubright-Ellis, Cooper Dakers, Jay McWilliam, Kobe Rooney, Corey Murray.

Year 11 HPW: Matthew Smith, Dylan Hawkes, Karl Frecklington, Jak Morton, James Vargas, Raymond Xie-Jones.

Year 12 PED: Rohan Picket, Josh Evans, Rico Muliaina, Jack O'Connell, Josh Evans, Angus McLeay, Caleb Williams, Rico Fisher, Hunter Cairns, Mack Raines.

Year 13 PED: Aaron Withy, Jack Taylor

LANGUAGES

LANGUAGE HUB CLASS 2021

Year 9 to 12 languages students learnt various language included Spanish, French, mandarin and Samoan through the online learning community, netNZ this year. Online learning allowed Southland Boys' High School students to connect and work the excellent teachers and like-minded students across NZ. By overcoming challenges to adapt new way of learning, the students learnt to take greater ownership of your learning and develop skills that are essential for our modern world.

NEW ZEALAND SCHOOLS JAPANESE TRIVIA CHAMPIONSHIP

On Friday 11 June the New Zealand Schools Japanese Trivia Championship was held. Southland Boys' High School had 4 teams participating from Year 8, 9 and 10. The championship is a great opportunity for students to show off their knowledge of Japan across a wide range of subjects including sports, food, daily life, and pop culture - and to increase their motivation to continue to study the Japanese language.

Placings in the Southland division:

Trivia Championship: Tobey Beckley, Kenny James, Connor Smith

Language Hub

2nd: Tobey Beckley, Kenny James, Connor Smith
3rd: Zephyr Jackson, Tom Smith, Thomas Mukri, Emmanuel Rajeev Francis

Placings in Year 7/8 Southland division:

2nd: Poliko Faalialia, Alesana Lafoga, Blake McWilliam

PDWC PARLIAMENTARY DEBATE WORLD CONFERENCE 2021 - ONLINE

Members of our senior debating team (Dylan Lee Y13, Hunter Jennings Y12 and Ruairidh MacCallum Y11) took part in the 2021 online Parliamentary Debate World conference. Over the course of this conference, the team faced and met 11 different schools from 7 different countries including the likes of Japan, Australia and Jamaica.

They won their three group stage matches securing them a semi-final against tournament favourite and eventual winners Shibuya Junior and Senior High School, but with our senior team only losing out this debate by one mark they can hold their heads high after this great result!

The team conducted themselves extremely well during this event, winning themselves the most genuine team and Dylan was also asked to make a closing statement on behalf of all the students that participated.

A massive thanks to Sasaki Sensei, Debate mate and the Waku-Pro foundation, whom all had a hand in making this possible and we look forward to hopefully competing in Japan next year!

SOUTHLAND INTERSCHOOL JAPANESE SPEECH COMPETITION 2021

The Southland Interschool Japanese Speech Competition was held at Southland Boys' High School on 21 and 22 October this year.

34 students from Invercargill competed and celebrated their skills and achievements at this competition. The Year 9 students performed a role play in pairs, Year 10 students made a one minute self-introduction, and Year 13's gave a 3 minute open topic speech. Aidan McAra's chosen topic was 'technology'.

All participating students presented our school well, the following students in particular:

Year 10	1st place	David Enriquez
	2nd place	Jay McWilliam
Year 13	2nd place	Aidan McAra

The Mayor's Award for Expression & Passion (Senior Section) was awarded to Aidan McAra.

MEDIA

Connor Smith

In transition from Year 7 to Year 8, a small group of students receive the opportunity to join a new project, The Media Group. While being part of the group, members get the chance to show their creative skills through video editing, photography, speaking and much more.

All the members collaborate to make a News Broadcast that gets viewed weekly by the classes in the Junior School. In every News Broadcast we cover a range of topics from class of the week, sports news, club news, upcoming events and holidays, and some of the usual

Media Group: Tyler Moneypenny, Lucas Templeton, Poasa Tagomoa, Blake Frisby, Levi Te Amo, Connor Smith

updates around the school.

As a group we have been glad to be a part of the Media Group, learning new things and becoming more comfortable with public speaking. We hope that next year it will be just as enjoyable for other students as it was for us.

MUSIC/PERFORMANCE

DRAMA

A Busy, Bold and Brilliant Year

Drama started the year with a bang participating in the 'Sheilah Winn Shakespeare Festival', hosted by Southland Girls' High School. For this we presented a 15-minute scene from Shakespeare's bloody and violent tragedy 'Titus Andronicus', winning an award for best magic moment. The students threw themselves into this work with particularly gleeful performances from Nash Creedy as the vengeful Titus, Tobias Armstrong as the aghast Emperor, Josh Keen as the psychotic Aaron, and a closing speech delivered with stately passion from Riley Ford and Sam White. Not to be forgotten were our "female" leads; Will Yeo's plotting Tamora, and Brodie Massie's damaged Lavinia.

The year also saw the production of the musical 'Spamalot' a joint effort from the whole department of Performing Arts and Southland Girl's High School. Full productions allow students the opportunities to experience the magic and reality of working onstage and off. We were lucky enough to use Centre Stage as a venue and provide the students with a real-world experience akin to the expectations of professional productions.

The year 11 and 12 senior drama class staged short Melodramas which they performed for a year 8 Drama class. This was an opportunity for both classes to learn about this entertaining historical theatre form and gain experience of live theatre. JP Velghe's damsel in distress leapt about the stage, as Caleb Peseta's villain laughed manically for his missed rent money.

The year 13s staged a production of the one act play 'Booby Trap' by Ed Monk. This saw the directorial debut of Corbyn Shuttleworth and was supported backstage by the Theatre Technologies crew. This subtle and heart breaking one act play was delivered with skilled and layered performances.

Drama this year offered many opportunities for students to gain experience in performing to a live audience and working backstage. This is despite the many cancellations of important events and festivals towards the end of the year.

PRODUCTION 2021

Pip Smith - Teacher in Charge of Performance

Fortunately, in 2021 we were able to stage 2020's planned senior production of 'Spamalot' by Monty Python. The musical, based on Monty Python's seminal film 'The Holy Grail' is a rather raucous, comedic, and factually incorrect retelling of the story of King Arthur and the Knights of the round table.

Productions of any nature take hard work, energy, and commitment. The students of both Southland Boys' and Southland Girls' High Schools came together to stage this work, showing their dedication to excellence. Performances of note from Boys' High students include (but are not limited to) the excellent vitality Vere Jukes lent to the lead role of King Arthur, his energy and leadership in the role helped to drive the team working on the show. We also had the brilliant duet sung in part by Corbyn Shuttleworth, Stephen Sarfai's cowardly Robyn clutching a rubber chicken, and who can forget a certain dance number performed by Rory. Honorable mentions go to Will Yeo's ability to balance a fruit basket on his head, and Matthew Jeffrey's fainting spell. Their father and son scene just about stole the show.

We also want to acknowledge the brilliant work done by all the other students in lead and chorus's roles and the teachers who gave their free time to support this. In particular Michael Buick for his Music Direction, Nikki Boyce for Choreography, and Heather Petelo as Stage Manager and the teachers from Southland Girls' High School. We were also able to have the Theatre Technologies class working on show and want to thank Brad Whitaker for stepping up and helping to design and operate the lights.

We hope the production was able to provide a lighthearted break from some of the stresses of life to the audience. Allowing them to remember to try to, as one of the more famous songs from the show says, "always look on the bright side of life".

ROBOTICS

A new option subject, Robotics, was introduced to Year 10 students for 2021. In this course, students learn two

Riley Halder and Joshua Reynolds with their robotic "arm".

of the fundamental aspects of robotics: how to build a robot for a particular job and how to program it to do that job.

Expanding on the programming and building activities Year 9 students undertake for their Robotics option course, students at Year 10 use metal components to fashion robots for a variety of challenges.

SCIENCE

Once again, the school year was impacted by Covid 19.

Distant learning was again the order of business for our students in 2021 and a lowering by the Ministry of Education NCEA levels also had an impact on the engagement of students.

To their credit our science students continued to work on and have found success, especially with the internal components of many of the courses offered.

Student external successes in terms of awards were also detrimentally impacted by the second national lockdown. Among the impacts was the cancellation of 2 major events for the school - the Southland Secondary School Science Fair and Rotary Science Scholarship which will hopefully return in 2022.

SENIOR SCIENCE

Senior Sciences at Southland Boys' High School saw sustained growth in student numbers.

The area of Agriculture saw a largest increase with many students seeing the Primary ITO trades academy as a viable vocational pathway. We were fortunate in this area to have 3 students selected for further exclusive farm placements at Smedley Academy (Napier) and Jeff Farm (West Otago).

Despite the lockdown impacting the latter part of 2021, our senior students did manage some off-site visits. Our Level 3 Biology students attended a 3-day camp in Dunedin to gather viable data for an internal standard.

Level 3 Biology students in Dunedin

Our Level 1 AGH students managed a couple of farm visits around the province to see the primary sector in action.

Junior Science

Testing at a junior Science level has only occurred once this year and results appear to be like previous years verifying our continued commitment to mixed ability classes in our junior and level 1 science classes. Local contexts continue to increase our student engagement and there is work being done within the Faculty aligning our current units of work to the new NCEA changes scheduled for 2023.

A new option has been included in 2022 at a year 9 level for students with inquisitive minds and like experimenting which will hopefully lead onto more interest in the Southland Science Fair by our senior students.

Health and Safety Regulations specifically regarding Secondary School Laboratories and Workspaces have generated new Hazard Plans and a Hazard Register. The school successfully operates and maintains an up to date database of hazardous substances and hazards associated with Science Laboratory and associated science activities. We now look to develop a method to deal with extreme student behaviour in a practical laboratory setting and how we can manage this under the current Health and Safety procedures developed in 2021.

STAFF CHANGES

This year we farewell Julia Shannon from the faculty. During her time with the faculty she has used her vast experience to re shape Biology and senior science catering to fit the needs of students in front of her. She will no doubt continue to develop this skill while taking up a position of learning support coordinator at SBHS. We wish her all the best.

Mr Shaun Howarth departed towards the end of term 3 to pursue other interests and complete additional training. His classes have been taken over by Ms

Dipeeka Goswami who brings expertise in the teaching of Senior physics and general science to our faculty.

Awards

As previously stated 2021 has had a grave impact on the awards available and achieved by our senior students.

Elman and Alfred Poole Scholarship to Canterbury University - Toby Smith (Engineering).

SOCIAL SCIENCE

It has been a busy year in the Social Science department with two new staff joining us in 2021.

Hattie de Vries is the new HoF of Social Science and has come to us from the North Island via Verdon College. She is an experienced Geography and Social Studies teacher and will oversee implementing the new Social Science Curriculum, the Aotearoa New Zealand History Curriculum and the NCEA changes.

Michelle Roberts joined us from Lochiel school where she has been teaching Year 8 students for many years. She is a great addition to our department bringing skills in teaching literacy and differentiated learning. Michelle has enjoyed working with high school students.

This year is the last year that we will have Bob Ward as our colleague. Bob will retire at the end of the year after more than 25 years of service to the school. Bob was also a student at Southland Boys' High so has a very long association with the school. His presence, knowledge and enthusiasm will be sorely missed by all of us.

Students have continued to excel in the department and have been provided with a variety of experiences. We were very proud of two of our Year 10 Social Studies teams that made the top 10 in an online current events quiz that was run throughout New Zealand at the end of October. Three of our teams battled for the title of 2021 Lion Foundation Young Enterprise (YES) Southland Company of the Year. Kaylin Goodall's company The Sill won the competition. Kaylin has designed a hydroponic kit for people to grow their own plants at home.

Southland Boys' High School teams also took out Excellence Awards. Ice Rival, (Carter Ferguson, Junior Kaiser, Luke Hamblin and Hayden Jones) won an excellence award for Retail, Trade and Online Business. The team developed a product to spray on your car windscreen to clear the screen of ice on frosty Southland mornings. The Sill also won an excellence award for Primary Industries. This win has qualified Kaylin to enter the national competition in Wellington. It is the first time one of our students has won this prestigious award.

YES Scheme winners

BP Challenge teams - first, second and third

We have had various guest speakers in the department including a spokesperson for the Burt Munro Challenge, speakers about the Dawn Raids and our very own Ms Laurel Hepburn who spoke about her experiences during the 1981 Springbok tour protests.

Geography students have had the opportunity to go on a number of fieldtrips. The Year 12 class went to Te Anau and climbed Mt Luxmore where they completed their field work. The Year 13 class greatly enjoyed their trip to Curio Bay where they were able to see natural processes in action. The annual Year 13 trip to Queenstown had to be cancelled due to Covid, to great disappointment.

In Social Studies the year 10's had the opportunity to do some fieldwork in Queens Park and around the school for the sustainability topic and they produced some interesting research.

Year 13 History students greatly enjoyed learning about some recent New Zealand history through examining the David Bain case through an historical lens.

The BP Challenge was once again a roaring success for the department. Over 60 Commerce students from year 10 and year 11 took part in this one-of-a-kind, hands-on learning event. Students developed their skills, got in front of businesspeople, and learned more about how a good business works.

In Media Studies at Level 1 students learnt about how meaning is created within film and how individuals interact with different types of social media. They created films that were either 'fake news broadcasts', an urban legend or an event that happened within five minutes.

One group even discovered through their superior journalism techniques who the mystery pool pooper was. Other groups were witness to some terrible incidents like a murder in the woods and scooter versus elderly lady.

In the level 2 course students' brief for their short film was to look at the 'day in the life' of a character. This produced a range of interesting and innovative ideas from a 'fake robbery', to "how Blake became the new rector". Students investigated how narrative and representation is created in Wentworth.

The Level 3 Media class produced a silent horror. They produced films with compelling narratives and thoughtful production values looking at the death of a brother, a killer clown and the impact of domestic violence.

Robber on the loose

NATIONAL SECONDARY SCHOOL CROSS COUNTRY CHAMPS – 19 JUNE 2021 - HAWERA

James McLeay

The National Secondary School Cross Country Champs took place on the 19th of June 2021 in Hawera. In the Junior boys race 120 people took to the start line. Conditions were tough with pouring rain and hail all day making the course extra tough. True Cross Country. After the first half of the race I was in the front bunch but as the race progressed the muscles began to cease up. Overall I finished 14th and had a good experience. Unfortunately I didn't end up where I wanted to but that's racing and look forward to next time.

JUNIOR SCHOOL CROSS COUNTRY RESULTS 2021

11 Year Old Boys

BASKETBALL

YEAR 7 & 8

Students in the Junior school are lucky to be able to participate in two basketball competitions, run by Southland Basketball at ILT Stadium Southland, in Terms 1 and 4.

During Term 1 SBHS entered 5 Year 7 teams – Breakers, Bucks, Heat, Lakers and Stars along with another 5 Year 8 teams – Bandits, Cavaliers, Celtics, Dolphins and Raptors. Congratulations to the Year 8 Celtics who took out the Boys A Grade final and the Year 7 Breakers, winners of the Boys B Grade.

At the writing of this report SBHS has entered 4 Year 7 teams – Yellow, Green, Orange and Purple with 4 Year 8 teams – White, Black, Red and Blue into the Term 4 comp.

A very big thank you to all the senior students, parents and family members who helped out with coaching and managing these teams. The basketball talent at SBHS is in good hands for the future.

Year 7 Breakers: Harlem Trainor-Taylor, Liam Kerslake, Baxter Roderique, Liam Robinson, Tane Furlonge
Absent: Lucas Allison, Jacob Brady, Liam Pekepo, Caleb Williams (Coach)

Year 8 Celtics: Back Row – James McRae, Izaac Williams (Coach), Harry Fletcher
Front Row – Quade Clarke, Kobie Smith, Jakob Voorkamp, Caleb Harvey, Brooklyn Leaf-Chalmers

JUNIOR A BASKETBALL

The year for the Junior A Boys started great with a win over John McGlashen and Kings High and a tight loss to Otago Boys High. Once the local competition started the boys dominated the round robin coming out on top of the table. Finals night was not the result we wanted, unfortunately due to unavailability and injuries we were reduced to just five players for the final game. The team fought hard but ended on the wrong side of the score. All in all a successful season with great improvement throughout the year.

YEAR 9 - 13

The Friday Night Year 9-13 Basketball season saw 14 Teams compete in the Secondary School Competition. Two teams were in the A Section: The Senior A First V, and the SBHS Senior A Development Team.

There were six teams in the Senior B section: SBHS Cav's, SBHS Bulls, SBHS Supersonics, SBHS Skids, SBHS Lakers, SBHS 1st XI. One in the Junior A section: SBHS Junior A, and five in the Junior B Section: SBHS Bandits, SBHS Suns, SBHS Knicks, SBHS Blazers, SBHS Mavericks.

Final Placings were:

Senior A First V	Runner up (played 12, won 10, lost 2)
Senior B	SBHS Development (top 10)
Lakers	Sonics – undefeated in winning their B Grade Section
Bulls/Skidz	Undefeated in winning their Senior B Section
Cav's/First XI	Both Teams made the final of their B Section
Junior A: SBHS Junior A	Made the top 5
Junior B: SBHS Bandits	Winning the Junior A Round Robin, Runner up in the Final
Mavericks/Suns/Knicks/Blazers	Undefeated in winning their Junior B Section
	all placing in the top half of their sections.

1ST V REPORT

Caleb Williams (Captain)

Following the title win in the Friday night school competition last year, this year's team was aiming to repeat and go back-to-back. We believed this year could be a good year as we had a mixture of returning players who brought experience and young bucks who were looking to make an impact.

Amidst both the Friday night competition and interschools, the Men's A Grade competition provided an elevated level of play for the boys to adapt to. This league provided tougher and more experienced competition, which proved to be highly influential

1st V

Senior A First V

toward the team's development over the course of the season.

With the return of coach Sander Meijer, the boys' hopes were high with what was to come, knowing that his experience, knowledge and what he could bring to the team would be very crucial in our development and success. Sander's good will and positive outlook provided the team with a base of support they could all count on, this was apparent in the finals when we found ourselves down late in the third quarter and he provided the team with the encouragement needed for us to trim the lead and tie the game.

The year started with an interschool against John Mcglashan. SBHS found themselves down early in the first half and looked to make a comeback, this was led by star player Mack Raines as he scored six straight points. Heading into halftime the momentum had swung towards SBHS and looked to build off this in the second half. Sadly, the 14-point deficit was too much to overcome and it ended becoming a 90-67 loss. It was a seesaw affair that saw SBHS lose their way in the second half so this showed the team their floor and presented them with both their strengths and weaknesses.

Halfway through the season we found ourselves heading into a crucial Tuesday night Men's grade game vs the Kelvin Hotel X-men. The game was important because it was a must win game if we were to have any shot at the playoffs. It was a tight game throughout and

came down to the wire. Heading into the fourth quarter the X-men were up five points, in response to this we decided to come out firing and ended up scoring eleven unanswered points to go up six with five minutes to go. The last five minutes saw both of us trading buckets and that led to us going down one with eight seconds to go. A rebound by guard Ethan Carson proved pivotal as it left us with the ball with seven seconds to go, he dribbled the ball down the floor, passed the ball and a prayer was sent up, the prayer was answered and the three-pointer luckily dropped. Up two, with one second to go we needed a defensive stop to secure the game. X-men drew up a play out of a timeout that was worked to perfection and allowed them to get an open shot, the ball went up and everyone's heart skipped a beat but in our favour the ball ended up rimming out, SBHS walked away with a scarce two-point win with the chance of a playoff berth.

Going through the season having lost one game and coming off a semi-final win vs Verdon, the boys felt confident heading in the big dance, only catch was, that the one loss all season was vs the JHC Lions... the team we were to face in the final. With high anticipation heading into the game from players, coaches and supporters, both teams came out firing and scored a combined forty-two points in the first quarter. This assault of points continued in the second quarter, seeing both teams trading baskets, hoping for the other to crack first. The beginning of the third quarter saw JHC begin to pull away, it was a high intensity match and SBHS saw the game slip away from them due to the low levels of energy. A spark was needed in order to keep themselves in the game and that spark came in the form of youngster Cody Stevens, subbing in and immediately scoring ten unanswered points to put SBHS up two heading into the fourth quarter.

Coming out of the quarter-time huddle the boys' morale and confidence was high, we came out hot and took an early seven-point lead. We tried to continue our hot start but we found ourselves being able to find everything but the bottom of the net in the following six minutes. The score was now 74-79 with a minute to go and we needed someone to come up big in the dying stages of our season, deadeye shooter Ethan Carson decided to step up, hitting a big three-pointer to bring us within two with forty-five seconds remaining.

Finding ourselves on the back foot we decided to intentionally foul, hoping the JHC players would miss a couple of free throws but sadly, to their credit, they made all six free throws that were thrown at them. This ended up drowning out any hopes of winning for SBHS, the score ended 85-77 to JHC. Although the score wasn't what we'd hoped we still held our heads high, knowing all players are returning for the year to come.

Once again, the boys and I would like to thank coach Sander (Mr) Meijer for giving up his Tuesday, Thursday and Friday night in order for us to have a successful

season, your work doesn't go unnoticed and we appreciate everything you have done for us this season and we hope to see you this one coming. We'd also like to thank manager Simone (Miss) Cameron for also giving up her Tuesday and Friday night to provide the team with a much-needed morale boost, support and the all-important halftime lollies. Much like Mr Meijer your work doesn't go unnoticed and if it weren't for your work behind the scenes, we wouldn't have been able to play at all this season. So, thank you and we hope to see both of you next year for another shot at redemption.

SENIOR A HIGHLIGHTS

- Caleb Williams stepping up in his third year to captain and run the Team
- Having debutants George Smith, Cody Stevens, Nitai Tohiariki, Ryley MaCrae, Jack Churstain, Thomas Spain & Francis Vargas step up in their first year in the Senior A Grade
- Finishing a competitive 5th in the local Men's A Grade after the regular season
- Caleb Williams dropping 37 points in a monster game vs Wakatipu
- Jack Churstain making 5 three pointers in the 4th quarter, in a 100 win victory versus CSC
- Miss Cameron continuing to provide those magic lollies at halftime
- Ryley 'Stains' MaCrae, kickstarting a revival single handedly by scoring 10 points in the second quarter in a win over Verdon
- Winning a high scoring shootout game vs The Royals 103-97 in the A Grade
- Cody Stevens hauling in an impressive 23 points off the bench in an 84-74 win Versus the Harleys in the A Grade
- Thomas Spain impressed making his debut as a Year 10 and holding his own both in the School and the Men's competition
- A big thanks and well done to Jack Bell, Ryan Cleary and Thomas Jennings stepping up and helping out during the season in making their debuts during the Interscholar games vs OBHS & Kings High School
- Ethan Carson, Mack Raines and Tyler Mcleod being solid as the consistent starters in the A Grade, Interscholars and the School Competition
- Cody Stevens being chosen to represent the New Zealand Under 15 Training Squad after an impressive performance in the Representative U15 Team at Nationals
- Mr. Meijer only getting 1 Technical Foul throughout the season
- Caleb Williams making the All Star V – the top 5 school players in Southland.

CANOE POLO

Daniel Lord

South Island Secondary Schools Canoe Polo
For the first time in a number of years, Southland Boys' High School entered a team in the South Island Championship, the competition was held in August before the lockdown.

Our team consisted of Jack White, Travis and Zac Chittenden, Ryan Fitzsimons and Daniel Lord, we were lucky enough to have Mr. Chittenden to be our coach/

manager/chauffeur.

The team had been competing in the local southern canoe club on a Tuesday night at Splash Palace. The team had just moved up a grade and was competing in the A-grade up against older men. During the club season we had won our fair share of games and beating James Hargest was a highlight for most.

We traveled to Oamaru with great excitement but were lacking a few players. Our intention was to try our best. Our first game was against Middleton Grange (the defending champions) We worked hard throughout the game. They were well drilled and well prepared, unfortunately, we came out second best.

Our second game was against our local rival James Hargest. Having beaten them before we went into the game in a positive and confident manner. We were slightly shocked by the second half when it was all drawn up at 3 all. Although we got in front, James Hargest came back strongly and ended up winning 7/5.

The second day after reassessing things we came back strongly. Drawing against Dunstan, Middleton Grange B, and Shirley Boys. All games were winnable but not having a big bench in order to rest players took its toll. However these draws were good results as we played well.

Our final two games for the tournament resulted in a win and a loss. The team finished 7th overall. The tournament was a great learning curve for the team, we need to improve our communication on the water and need to be more confident with the plays that we practice.

We look forwards to improving our current team numbers as we prepare for next years competition. Congratulations to Jack White who was selected for the South Island tournament team.

Any boys interested to give canoe polo a go keep an eye out in the notices during the start of term 2 in 2022

CRICKET

CLUB SEASON

The Southland Boys' High School 1st XI of 2020/21 was a very young and talented group of young men. The loss of six experienced year 13 players from last season was always going to be hard to replace. This did however give a lot of young exciting cricketers their first taste of 1st XI cricket. The team play in the Southland Senior Competition which is a mixture of one day cricket and T20 cricket. We are pitted against much more experienced and older players which, at times, proves to be a little difficult. However, the team fronted

up to the challenge and proved to be worthy opponents throughout the competition. We won 4 games and had a many close losses.

We were still in the hunt for the last semi-final spot going into the last game. We were up against the red-hot Marist Cricket Club who had won 5 games on the trot. Marist batted first, reaching 300 for 5 off their 50 overs. The backbone of their innings was a batting masterclass from Shaun Fitzgibbon which saw him finish on 116 not out. The total and in turn the run rate proved too much for SBHS who were bowled out for 159.

There were some fine individual performances across the club season, with the bat and the ball. The boys contributed at different stages, consistently must be found in this area though where they are contributing on a regular basis. The experience and game sense learnt this year will put them in good stead for next season, as most of the team returns.

SHIRLEY BOYS INTERSCHOOL - FIRST ELEVEN

Day One

Winning the toss Shirley Boys elected to bat on what looked a good batting wicket. Scoring was slow in the early stages and Southland Boys picked up wickets at regular intervals. Some excellent catching and good ground fielding ensured Shirley had to work hard for their runs eventually being dismissed for 134.

Pick of the bowlers was Jackson Ronald, 12 overs 4 for 19. Reid Murray 13 overs 2 for 29, Hunter Cairns 8 overs 1 for 10, Lachie Riley 4 overs 1 for 11 and Bruno Burgess 5 overs 1 for 4

A solid first wicket partnership saw 31 on the board before Southland Boys lost a wicket. Opener Lachie Nimmo batted well with good shot selection for his 31. Aaron Hart 51 not out playing shots all round the wicket looked in control and with Bruno Burgess 16 not out saw Southland Boys at stumps 117 for 3, trailing by 17 runs with 7 wickets in hand.

The game is poised for a great second day.

Day Two

The second day dawned fine and sunny. Southland Boys were in a strong position after stumps on day one. Aaron Hart and Bruno Burgess settled in and started to build what turned out to be a magnificent fourth wicket partnership. Both players were in commanding form and were in no trouble. Burgess looked to up the tempo and was the first to go for a well struck 75. Hart continued on and played some exquisite shots. He entered the nineties and was happy to take singles. He edged his way to a hundred and was rewarded for a superb innings when he passed a great milestone in interschool cricket 100 runs. Eventually being dismissed

for 112. Jake Kura Wharepouri was a great foil at the other end scoring 51 not out. Southland Boys declared at 318 for 9. This was a lead of 185 runs.

Shirley needed to survive the remainder of the day to avoid an outright loss. What drama unfolded as the day progressed. Southland Boys kept chipping away and wickets fell. Just as Shirley looked set Southland Boys would snare a wicket and the tension would build again. At the close of play Shirley were 9 down and hanging on for dear life still requiring another 33 runs to make Southland bat again.

A very comprehensive and commanding performance from the First Eleven.

SHIRLEY BOYS INTERSCHOOL - COLTS

Day One

Shirley won the toss and batted. Losing three quick wickets Shirley were in trouble at 30 for 3. An excellent fourth wicket partnership bought them back into the game and saw them playing well. Jack Rhodes 22, Ashton Brown 25 and Nick Barrie 38 ensured Shirley reached a good total of 154 runs.

Bowling for Southland Boys, Shahan Wijesinghe 12 overs 2 for 23. Mika Muliania 12 overs 2 for 24, Tim Richardson 12 overs 2 for 25, Charlie Hopcroft 8 overs 2 for 32, Alex Hawkes 7 overs 1 for 12 and Tom Gray 3 overs 1 for 1 all contributed well.

Chasing 154 Southland Boys started well losing their first wicket at 30. A solid second wicket partnership Angus Burnett 27 and George O'Connell 22 saw the runs coming quickly before both lost their wicket. At the close of play Charlie Hopcroft 14 not out and Will Cairns 15 not out saw Southland Boys 146 for 6. Trailing by 8 with 4 wickets in hand.

Playing Shirley Boys

Day Two

After the early loss of Charlie Hopcroft for 18, Will Cairns who was 15 not out overnight took complete control of the game. He dominated the bowling smashing the ball to all parts of the ground. He raced to 50 with a glorious pull to mid wicket for 6. He eventually was dismissed for a superb 68. The colts declared at 220 for 8 giving them a lead of 66.

A disastrous start saw Mika Muliania picked up 2 wickets for 1 run and Shirley were under pressure. Wickets fell at regular intervals and Shirley were dismissed for 74. Bowling for Southland Shahan Wijesinghe with his leg spinners took 4 for 21 Mika Muliania 3 for 1 Tim Richardson 1 for 9 and Tom Gray 1 for 20. Southland Boys needed 9 for the outright win. They achieved this without the loss of a wicket.

A great outright win to Southland Boys' by 10 wickets.

CENTURY TO AARON HART IN INTERSCHOOL

Aaron Hart scored the 21st century in First Eleven Interschool matches when he scored 112 in the recent interschool against Shirley Boys. On an excellent wicket he was 51 not out overnight playing some lovely drives. Entering the 80s he lost the strike for periods of time and was happy to pick up singles which showed maturity and patience. He bought up his hundred with a delicate leg side glance. He now joins his brother Hayden on the honours board. Hayden taking 6 for 23 in 2018 against Shirley Boys.

Aaron has the opportunity to join a very elite group. F S Lee 1933, R Murdoch 1974, and D G Hall 1998 in scoring two centuries in an interschool season. The highest recorded score belongs to G J Dawson 145 in 2007 against Kings High. J Duffy current NZ T20 player scored 142 in 2012 also against Kings.

FIRST ELEVEN CRICKET V KINGS

Day one

Played on the same wicket as the Shirley Boys interschool a week before there was no hesitation when Kings won the toss and decided to bat. Scoring was slow with some tight and accurate medium pace bowling. Southland Boys rotated their bowlers well in very hot and sunny conditions.

At 86 for 6 Southland Boys were on top and dominating the game, An excellent 7 wicket partnership saw Kings get back into the game and they were finally dismissed for 209.

Bowling for Southland Boys, Gregor Rutledge 3 for 24, very unlucky not to have another couple of wickets. Reid Murray 3 for 55, Shaun Clapperton 2 for 16, Hunter Cairns 1 for 26 and Jackson Ronald 1 for 29.

Southland Boys started the run chase in a positive manner however lost wickets at regular intervals. Aaron Hart the century maker from the Shirley Boys interschool started to take control and the ball was finding the middle of his bat and being dispatched to all parts of the ground. At the close of play on Day 1 the game was on. Southland Boys were 136 for 6 with Hart on 82 not out. Jake Kura Wharepouri 28.

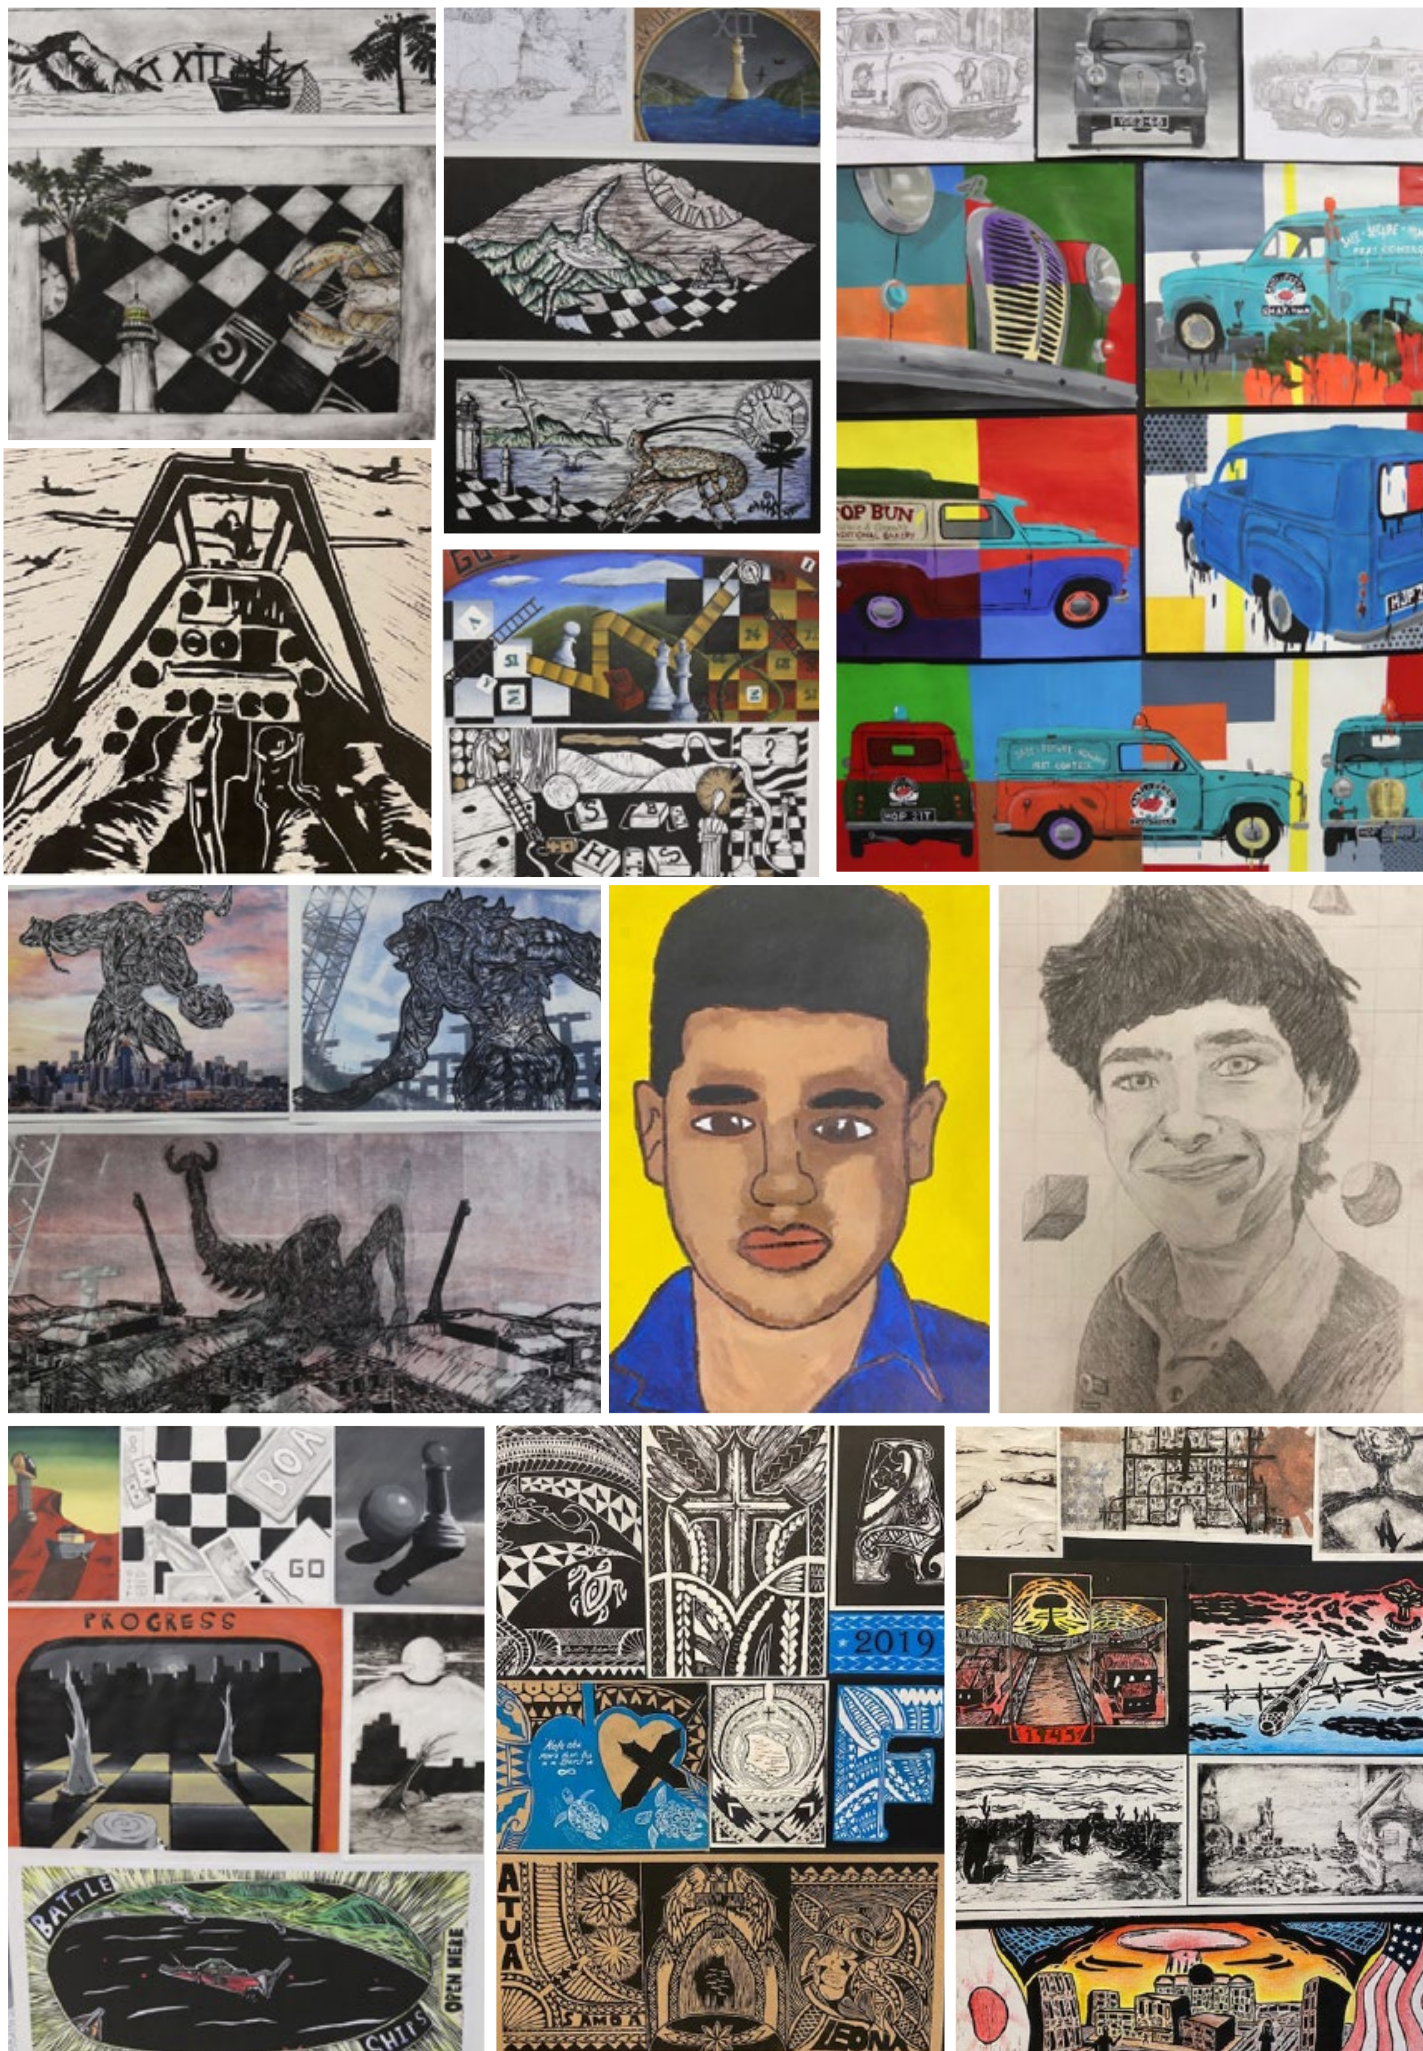

Day Two

What drama unfolded on par with a Shakespearean play. Hart was dominant from the start and raced to his second consecutive interschool century with a drive through the covers. He continued to plunder the Kings attack lofting the ball over the cover and midwicket regions. He was finally dismissed for a magic 141 runs. This saw Southland Boys take a first innings lead of 17 runs.

With time being the enemy Southland Boys gifted Kings some runs in order for a declaration to come. Kings set Southland Boys 174 to win at a tick over 5 an over. Things looked on track at 70 odd for 3. The game was there to be taken. In the space of two overs Southland Boys were reeling at 80 for 7 and in trouble.

The scene was set for two young 15 year olds to step up and show their mettle. Wow, in what was a tremendous display of concentration and pure grit Gregor Rutledge faced 54 balls for his 1 run and Hunter Cairns faced 62 balls for his 8 runs in what was a battle of survival. With men around the bat and the ball turning they resisted any temptation that the Kings bowlers threw at them.

A great game of Cricket which resulted in a draw with a first innings lead to Southland Boys.

KINGS INTERSCHOOL - GEORGE O'CONNELL CENTURY

More congratulations are in order!

George O'Connell 119 not out in what was a great effort against Kings in the first innings. Tim Richardson (87) saw SBHS post 280/3 declared.

We then bowled Kings out for 86, Tim Richardson taking 7 wickets for 12 runs.

INTERSCHOOL V KINGS HIGH SCHOOL - COLTS

Day 1 saw Southland Boys win the toss and they elected to take first use of what looked like a great wicket. Losing Angus Burnett for 35 and being 64 for 1 Southland Boys then went on to what can only be described as a breathtaking partnership between Tim Richardson and George O'Connell.

Both players were in commanding form playing shots all around the wicket. Richardson was severe on anything short of a length and O'Connell drove the ball beautifully through the covers. Their partnership grew and as the total passed 200 both players were eyeing a century. Richardson was first to go for a fantastic 87. O'Connell carried on playing some delightful late cuts and bought up his century with a pull to midwicket. He was not out at the end 119. A superb performance showing great concentration and shot selection.

Southland Boys' declared at 283 for 3. Certainly a record score for a Southland Boys Colts team.

Kings were in early trouble losing two wickets in the first over with Tim Richardson steaming in and moving the ball both ways. Kings continued to lose wickets at regular intervals and were dismissed for 76. Richardson 7 wickets for 11 runs off 9 overs. An amazing performance as 5 were bowled generally with late inswing to the right handers. Mika Muliaina 1 for 3 off 5 overs, Alex Hawkes 1 for 12 off 6 overs and Charlie Hopcroft 1 for 7 off 3 overs completed a wonderful bowling and fielding effort.

Southland Boys' did not enforce the follow on and elected to bat again. Looking for quick runs Alex Hawkes 30 not out and Mika Muliaina 15 not out saw Southland Boys declare at 65 for 2. This left Kings 284 to win. Southland Boys' had to work a lot harder for their wickets in the second innings as Kings dug in and refused to be dictated to. However as the day wore on wickets tumbled and Kings were dismissed for 175.

Mika Muliaina 15 overs 3 for 28, Shahan Wijisinghe a mammoth 20 overs 3 for 39. He troubled all batsman

with his legspin. Charlie Hopcroft 2 for 12 off his 5 overs and younger brother Henry 1 for 7 off 4 overs. An outright win to Southland Boys in a great team effort.

OTAGO BOYS' INTERSCHOOL

Day 1

SBHS lost the toss and were sent into bat first at Little Borne on an extremely hard wicket and in front of a boisterous crowd. We made a solid start, being 60 for 3. Clapperton (18) and Hart (26) getting starts. We kept chipping away building a total for Otago Boys' to chase. Unfortunately, we lost 3 quick wickets which left us in a difficult position. Reid Murray (38) and Josh Cocker (29) produced a good partnership of 82 runs. These two were the pick of the batsman, they looked comfortable and played some stunning shots. Hunter Cairns hit a quick 15 runs at the end. We were eventually bowled out for 171.

SBHS started outstandingly well with the ball having Otago Boys' in trouble at 35 for 3. Otago Boys' though dug deep and produced three solid partnerships, which got them through to 269 for 7 at stumps on Day 1. The highlight and anchor was an outstanding innings from their opener, X. Chisholm who finishing on 147. A fine innings. Reid Murray, Jackson Ronald and Hunter Cairns all picked up 1 wicket each. The pick of the bowlers though was Shaun Clapperton who's figures were 2 for 13 off 6 overs and Bruno Burgess who got 2 for 25 off 5 overs.

Day 2

Otago Boys' declared overnight, leaving the ball in our court in make the next move. The plan was to try and score some quick runs, set them a target and declare, leaving them some runs to chase late in the afternoon which would hopefully produce an exciting finish. Sadly, the plan was just that. We were bowled out for 62. The only players getting to double figures were Shaun Clapperton (23 runs) and Bruno Burgess (15 runs). Otago Boys' did not have to bat again. A disappointing end of what was a successful and positive interschool campaign.

OTAGO BOYS' INTERSCHOOL - COLTS

George O'Connell

On the 9th of March at Bishop's court Dunedin on a hot sunny day the year 9 & 10 Colts cricket team faced off against Otago Boys High School our finale interschool of the year.

SBHS won the toss and decided to bat first to try and apply score board pressure. Angus Burnett 23 runs and Tim Richardson 16 runs started well and formed a good opening partnership of 54. George O'Connell and Zach Harrington put on a match winning partnership of 85 runs. George 49 runs and Zach 47 runs scoring in

quick time. Both getting out looking to force the pace. At the end of our innings we ended up with 166 for six. The pitch was playing well although a little on the slow side with a bit of seam for the medium pace bowlers.

Otago Boys started their innings and Southland Boys struck early with Alex Hawkes claiming two wickets. Otago Boys were in trouble 2 for 10. With the Southland Boys medium pacers bowling a great line we continued to take wickets at regular intervals. With the introduction of spin Shahan wrecked the middle order and Otago Boys were dismissed for 101. An impressive 65 run victory for Southland Boys.

Mika Muliania 3 for 31 of 8 overs, Shahan Weijesinghe 2 for 16 of 6 overs Alex Hawkes 2 for 18 of 6 overs.

GILLETTE CUP

Kings High – Southern Zone Semi-Final

It was a strange two weeks of cricket against Kings in the Gillette Cup. Our first attempt to play Kings proved unsuccessful, Kings travelled down on a beautiful day, upon their arrival the weather had a change of mind. Not a ball bowled. The game was scheduled for the following week.

Again, Kings High travelled down on a beautiful day, a game of cricket was going to be played this time. A delayed start because of a heavy dew meant it was a 40 over game. SBHS won the toss and decided to bowl. A great start, we had Kings 2 for 2. Reid Murray taking the first 2 wickets in the very first over of the game. Kings rebuilt very well, getting through to 189 for 5 off 37 overs. Then the dreaded rain was back, arrived out of nowhere. SBHS did not get a chance to bat.

With a result needed, the Gillette Cup protocols meant the game went to a coin toss. Head we win, tails we lose. Skipper Aaron Hart stepped up with his lucky coin and produced one of the strangest flips in the history of coin flips. The Kings captain called tails, the coin landed... everyone was watching with bated breath. Aaron turned around and had a massive smile on his face. We were off to play Otago Boys' in the Southern Zone Final. (Always go heads in honour of the Queen).
Otago Boys' – Southern Zone Final

Up against our old foes. The less said about this game the better. SBHS batted first, we started strong being 30 without loss. Then disaster struck in a big way. We were bowled out for 58. Otago Boys' chased the target easily with the loss of only 1 wicket. A big learning curve for the boys.

FIRST CRICKET ELEVEN V THE WILLOWS

Andrew Nuttall - Captain, The Willows

It was a beautiful day to host the visitors from Invercargill and wonderful to see so many parents travel with their sons and other family members to enjoy this cricketing occasions. It was also great to see two father and son combinations with Ian and Jed Mockford and John and Jackson Garry.

The Willows batted first and despite some good opening bowling John Garry and Paul Russell played well for an opening partnership of 53. This was followed by an 80 run partnership between Aarush Bhagwat and Paul in 11 overs.

Later Jed Mockford attacked the bowlers and was left not out after a quick fire 78. The last five overs produced 50 runs with some good striking from Micah Campbell. Gregor Rutledge and Aaron Hart both grabbed a brace with the ball. The Willows ended on a very competitive 283 for 6.

In reply, the Southland batsman struggled against some very good opening bowling from Micah Campbell. Aaron Hart however batted very well for 55 as did Shaun Clapperton. While the match was a little top sided it was nice for the Willows to take a win versus SBHS as we have been beaten in the last few years.

The Willows 282/6

P Russell 101 Retired. J Mockford 78. J Garry 27.

CYCLING

OTAGO/SOUTHLAND SECONDARY SCHOOL CHAMPS

This year the annual Otago Southland Secondary Schools Championship was held at Terotonga Park, Invercargill.

Our team consisted Oliver Keast, Magnus Jamieson, Jesse Willis, Liam Ramsey and Aubrey Page. The events consisted of a time trial and a road race. There were

Ollie Keast

multiple age groups that consisted of u13s, u15s, u17s and u19s.

The conditions for the race were overcast with a touch of rain and wind. The wind made for difficult conditions outside of the bunch limiting break aways.

	(Southland Combo)	
Keirin - B final	Jesse	4th
Tempo	Jesse	11th

FOOTBALL

2021 saw the 1st XI Football squad competing across two different competitions as we had three of our traditional Interschools and competed locally in the Southland College League.

Under the leadership of new captain Robbie Cole, our focus at the beginning of the season was on our Interschools and building a squad of 16-18 players to play in these games. 11 players new to the squad this year meant a great deal of work was needed on the training pitch to get these boys up to speed on the style of play we have been working on over the last two years. The entire squad ranged from Year 9-13, so we were realistic in our expectations as we set goals for our Interschool matches.

INTERSCHOOL RESULTS

John McGlashan (AWAY)	7-0 (3-0) loss
Otago Boys' (HOME)	9-1 (4-1) loss
Kings (AWAY)	8-0 (5-0) loss

Across all interschool games we came up against older, bigger, faster opposition that play together on a regular basis. This made our job of competing against these schools particularly challenging.

The coaching staff were disappointed with the score lines in these three games as the squad selected didn't play to their potential for long enough periods in the games and let the opposition dominate the play for lengthy periods. It was often said this season that when the opposition made mistakes, we let them off the hook and when we made mistakes the opposition scored goals.

The highlight from the Interschool season was being able to get new players experiencing Interschool football for the first time, capped off with Alex Hawkes (Year 9) scoring a well taken goal in our fixture against Otago Boys'.

COLLEGE LEAGUE

The College League format for 2021 had us competing against Gore High, Central Southland, Fiordland College, and our local rival James Hargest. Using the same squad as we had for our Interschools enabled us to continue to build on the platform from earlier in the season.

Unfortunately, due to COVID-19 and unavailability of some players due to work commitments, we were unable to field a regular starting 11 on a consistent basis and our results were very up and down as a result.

As the season was cut short the final placings this year were unconfirmed, but we were a little disappointed with our 3rd place unofficial finish this year.

SUMMER FOOTBALL/FUTSAL

In 2021 we have had teams represent the school in the Summer Football/Futsal competitions run by Southland Football in terms 1, 3 and 4. These are small sided games with a smaller field which helps promote good teamwork and skill development with plenty of time on the ball for the players. These teams have been made up from our Year 7 – 10 players, so the future looks bright for football at SBHS.

HIGHER HONOURS

We had two of our 2021 cohort selected for National Age Group squads for Southern United this year. Will Cairns (U15) and Dylan Hawkes (U17). It was fantastic to see their commitment, hard work and skill level rewarded.

Finally, an acknowledgement of our departing Year 13 players Robbie Cole, Aidan McAra, Dylan Lee, Daniel Titter and Thomas Lemin who have had a huge influence on football at School, both on and off the field, over the last few years. All the best from the SBHS football family.

FORMULA FORD

SOUTH ISLAND FORMULA FORD CHAMPS

In November 2020 Alex Crosbie competed in the South Island Formula Ford Championship, this is made up of six rounds, two each at Christchurch, Timaru and Invercargill. Alex is the youngest in the field.

He competed in Christchurch on the 31st Oct – 1st November against 34 other competitors. He drove well considering this was his first time racing at the track and only his second ever race car meeting. He finished 12th, 16th and 16th.

Timaru was the following weekend. It was wet for practice on the Friday, but he handled the car well. Unfortunately, he had gear box issues which required a quick trip to his Grandfathers workshop an hour away to fix the problem. There were 24 in the field that weekend, he qualified 10th and went on to finish 11th, 15th and 12th. This sees him sitting 14th out of 36 overall after two rounds.

GOLF

YEAR 7 & 8 TOURNAMENT

On the 1st of November we had a golf tournament at Green Acres Country Club against various schools in the Invercargill area. Four teams from SBHS were entered. We started off the day gathering around outside the bar and golf shop next to the driving range. We waited around until the man running the day asked for our attention, he went over some of the rules such as not swinging clubs around when waiting, when you take a divot out of the ground place the grass/dirt back in the ground where it was taken out, don't stand where you can get hit and if you hit the ball and it's going towards somebody yell as loud as you can four! And if somebody yells four, duck with your hands over your head, do not look around to see where it's coming from.

Then we got in our teams and half the teams played the six holes and half the teams did some skill games which were also counted onto our scores at the end. The first skill game, Snag It, was with tennis balls, targets, and plastic clubs. The objective was to hit one of the targets to take a shot away from your score, it was hard because the plastic clubs were difficult to use. The second game was Chuck and Putt. You had to toss the ball from the hula hoop on the other side of the green as close as you could to the hole or even in the hole and putt the ball in the hole in the fewest shots possible. The third game was a chipping game. There was a box

around the hole half outlined in blue and half in red, you had to chip the ball from outside the green as close to the hole as possible. If you got your ball inside the blue, you got 2 points off your score, if you got it in the red it was 3 points off your score and in the hole was 5 points off your score. The next game was the exact same except with putters on the putting green, the balls moved fast on the green so it was easy to overpower your shot.

At 11:30 we had lunch in the bar, the only options were hot chips or a snag. At 12:00 the teams doing skills switched over to the golf course and the teams doing the course went to do the skills, every team started on a different hole so it wouldn't get crowded. Every hole was unique, some were close enough for a hole in one but no one managed to get one. A lot of balls were lost in hedges, trees and other hazards, it took about an hour and a half to complete all the holes and afterwards we had some time to muck around, and at about 2:00 everybody who managed to get there ball on the green in one shot had a driving contest and after that we did the prize giving.

Boys' High team 4 got 1st, Boys' High team 3 got 2nd, and Boys High team 2 got 4th, then we packed up our clubs and went home.

It was a great day enjoyed by all.

HOCKEY

After the events of 2020 it was hoped that 2021 would see some normality return to the sport in New Zealand. The season started with promise under new health guidelines but ended with National tournaments being cancelled due to a return of lockdown conditions. Despite this Hockey at Southland Boys' High School flourished. Interest in the sport was high and the introduction of our own practice facility (affectionately known as the "paddock") saw larger player numbers than in previous years.

There were 6 hockey teams which represented the school in their respective grades over Monday, Tuesday, Thursday and Friday nights. This included a first for Boys' High with two teams in the Year 7/8 grade. There were numerous initiatives for Hockey in 2021. Not only our own facility but also the introduction of a cap to recognize 1st XI players who have started in 40 interschool games inclusive of tournament week. Congratulations go to the two players who received a cap this year Max Milne and Jack Smaill.

YEAR 7 AND 8 HOCKEY

2021 seen an influx of boys wanting to represent SBHS in Junior Hockey. Miss Fairbairn along with Max Milne, Sam McDonald, Kaydn James and Aron Swain managed

and coached two teams, SBHS Blue and SBHS Red.

Both teams were a mix of Year 7 and 8 students varying in new to the sport and those with experience. Throughout the season both teams experienced great wins and very close matches. Unfortunately, our momentum heading into the final games of the season was albeit paused by another lockdown. Although after an unexpected break the boys came back eager to get their final games done and dusted with SBHS Blue playing off 1st and 2nd and SBHS Red playing off for 5th and 6th. Both teams played exceptionally well in their final games coming up against some tough competition unfortunately the other teams prevailed on the day.

Miss Fairbairn is incredibly proud of all those that played this season and is looking forward to another great season in 2022.

1ST XI – THE GOATS

A young 1st XI started the season early in 2021 with an inaugural interschool fixture against Shirley Boys' High School. After this they continued to train through the Summer and Autumn months including a fitness regime before the Senior Men's competition started in April.

2021 captain Max Milne receiving his inaugural cap from 2017 captain Jesse Dodd, prior to the Otago Boys' High Interschol

SBHS Red - Back Row (L to R): Hunter Findlay, Cairo McDonald, Eamon Joyce, Oliver Broderick, Ryan McLean, Cody Gyns, Samuel Swain
Front Row (L to R): Deegan Hedges, Cooper Boyce, Blake McAulay, Railyn Leask, Matthew Hillston
Absent: Jake Slater and Ollie Cleland

The message in 2021 was simple for the young side, learn from your senior players and importantly experiences under game situations. To do this the 1st XI not only played senior men's teams but took part in a 10-team secondary school tournament in Timaru, as well as the traditional interschools against Otago BHS, John McGlashan College and Kings HS. This meant a busy 22 game season for the 1st XI giving them plenty games to learn something from. The results for the GOATS would hopefully come when it was truly crucial. It was that learning and game experience they would need if they were to achieve the goal of retaining a spot in the Rankin Cup/India Shield at 2021 tournament week.

There were many firsts for this team in 2021. A few highlights were:

- The introduction of a ceremonial cap to recognize our most senior players
- A practice turf at Southland Boys' High School.
- 4 players (Max Milne, Sam McDonald, Jack Smaill and Kaydn James) and a staff member being part of the Southland U18 Men's Side who competed at the age group tournament in Hamilton
- Max Milne being selected for the Southland Senior Men's team
- 6 current and 2 new players represented Southland U15 boys at a South Island tournament
- Josh Reynolds receiving his umpiring qualifications
- 5 cousins (3 Smaills and 2 Hopcrofts) all representing the school for hockey during the Kings Interschool
- Max Milne being the first ever Southlander selected for the New Zealand U18 training squad in 2021.

INTERSCHOOLS RESULTS

Team	Result	Full Time
Shirley Boys' High School	Loss	3 - 0
Shirley Boys' High School	Draw	3 - 3
Kings High School	Loss	5 - 0
Otago Boys' High School	Loss	3 - 0
John McGlashan College	Loss	5 - 0

ANZAC TOURNAMENT RESULTS

Team	Result	Full Time
Shirley BHS	Loss	4 - 1
John McGlashan College	Loss	4 - 0
Christchurch Boys' High School	Loss	1 - 0
Burnside High School	Loss	2 - 1
Timaru BHS	Loss	6 - 0

To the parents a huge thank you for your support both on and off the turf the boys are a true credit to you all and you should be very proud of them. To the sponsors thank you again for your continued support financially and providing the team with equipment throughout the season and in previous seasons.

Thanks to must go to our coaches and managers so to Kay McKinnel, Kiri Hogan, Simone Cameron, Ruth Fairbairn, Aron Swain, Max, Sam and Kaydn a huge thanks for being down at that turf in difficult times and as always in difficult weather. To Brayden Thomas thank you for coming back to help coach his old team. As always, your knowledge and experiences were absolutely needed and appreciated by the GOATS and me. To Cody Mason thank you for stepping in to manage the boys over ANZAC week and for playing with them and Ben McLean on a Friday.

This year the team must farewell 3 of its most senior players. This is always difficult, and this year is no exception. The players we lose have been a huge part of the team and been involved in some the highlights over the last 5 years. In their final year it was pleasing to see them willingly give back to their team and the sport at school. They coached and mentored younger players, came up with new traditions such as the capping and were an integral part of the coaching and management of this team. I will sorely miss the three of them. So to Macca, Snail and Max best wishes for the future from myself and the GOATS.

THE MIGHTY 3RD XI HOCKEY TEAM

Aaron Withy

For anyone selected to be in our Southland Boys' High School 3rd XI hockey team, it is a massive achievement. With the 3rds coming off a successful year in 2020, winning the 2020 Southland Secondary School hockey title (even though our name wasn't allowed to be put on the trophy itself), the team looked to defend their title. With the majority of the team being replaced, the boys knew it was going to take something special.

Aaron Withy the 3rd year veteran and Jack Taylor the 2nd year battler, took to recruiting as soon as school returned in February. They managed to gain two massive re-signings of the dangerous Taylor Peterson and Tom Nicolson and when Jackson Bevin, Charlie Carran and the young Jack Churstain signed the boys were excited with what could come. But it was one man who when he approached Aaron and Jack, made the sun shine just that little bit brighter. Jake Kura, a man who had never played hockey before, but had

the perfect genetic make-up to create a potentially irreplaceable goalie that any team would love to have.

With four awesome sponsors on board of Ninds Electrical, McIntosh Contracting, Scullys transport and B&R Contracting and a team full of potential, with a great manager Ms Cameron the boys were ready to get into the real work. The season started super well with the 3rds dominating their opponents, scoring goal after goal and supplying lots of chat on the field and in the dugout. They seemed unstoppable but knew James Hargest finally could put up a good team. 3-2 down at halftime, the 3rds cracked into some cokes (Coke, a very proud sponsor as well) and lollies, fuelling the boys for the huge second half ahead. Sadly, the coke took its toll on the rookie Caleb Williams and Billy Andrew, letting the James Hargest attackers through and leaving Jake Kura alone in his empty goal. The rest of the half was tough going for the boys and ended up going down 6-4.

After another convincing win against CSC, the 3rds took on St Peters, Gore. With them fielding multiple Southland representatives, the lads could only beat them in in the sledging game, going down 9-0. Round two started with the same pattern. Winning convincingly but losinmg to James Hargest and St Peters. This put the 3rds into a tough semi-final against St Peters. Trying their best, the 3rds just couldn't combine to put enough numbers on the score board, losing 7-4. Gutted is probably an understatement for how the 3rds lads felt. They really wanted to defend their title and put some great performances for their loyal supporters and awesome sponsors. After a few days off, the team rallied together for one last send-off playing for 3rd place against CSC. Fittingly the team put together an outstanding performance with everyone just enjoying being out there. A quality game played by a quality 3rds team, gave our 3rds XI hockey team 3rd place, winning 9-1.

Some very notable performances and players played this season. Taylor Peterson was everywhere and was our top goal scorer for 2021. Jake Kura was our MVP for this season. His selection was just a basis of Aaron and Jack having a cracker eye for potential superstar hockey players, which the 1st XI coach may need to consider. Jake was literally a brick wall in the goal in 2021 and thoroughly deserved this prestigious award. Our biggest award, which is the player with the most points at the end of the season from our 3, 2, 1 player scoring code was Caleb Williams. Caleb, being a rookie, definitely showed potential but his inexperience shone through. Congratulation Caleb, Jake and Taylor on achieving these great milestones.

The Southland Boys' High School 3rd XI hockey association will be looking forward to rebuilding next year and already some young talent has been identified.

Jack Symon

MOTO X

MICHAEL GODFREY MEMORIAL

September 2021

This was a very successful weekend for Jack Symon:
1st 250 Juniors
2nd MX2
1st Junior 125-250cc Feature
And also bought home the Trent Haywood memorial trophy which was very special.

And Seth Morrow double classed, winning both the 125cc & 85cc. And then went on to win the 85cc feature race, and came 3rd in the 125/250 feature.

MOTO X SUCCESS

May 2021

Jack Symon and Seth Morrow continued on with their outstanding results in their latest MotoX race. Competing in the Hasler Memorial in Balclutha last weekend both riders were in great form. The track was sand based but got quite rough and bumpy as the day wore on.

Jack and Seth mastered the conditions well. Jack won the Junior 12/16 yr old 125/250cc and also won the MX2. Seth won the Junior 12/16yr old 85/150cc and was placed second in the Junior 125 / 250cc.

BEST UP AND COMING OFF ROAD RIDER IN NZ

Last weekend Motorcycling New Zealand held their annual awards which was hosted at Te Papa in Wellington.

Jack Symon was nominated for the Best Up and Coming Off Road Rider in NZ for 2020/21. Over this period Jack's performances in all the events saw him win this prestigious title:

- King of the Mountains in New Plymouth - 2nd 15/16yr 125cc Juniors and 3rd 125cc Seniors.
- Woodville International GP - 1st 125cc 15/16yr Juniors.
- Jessy Nelson Memorial - 5th 125cc Seniors
- NZ Junior Nationals - 3rd 15/16yr 125cc and 3rd 14/16yr 125cc
- Burt Munro - 2nd in NZ for the 250cc championship class.

Jack is already back on the bike and racing again in the Hasler Memorial Motorcross race. He has just taken possession of a new Kawasaki 250cc bike, which provides an added challenge in getting use to the handling and power.

Congratulations should also go to Seth Morrow. Seth has had an outstanding 2020/21.

- King of the Mountains in New Plymouth - 1st 11/12yr 85cc and 2nd 12/14yr 125cc.
- Woodville International - 2nd 12/13yr 85cc
- NZ Junior Nationals - 2nd 12/13yr 85cc.

We look forward to watching these two young riders as they progress through the ranks.

Seth Morrow

MOUNTAIN BIKING

SOUTH ISLAND SECONDARY SCHOOLS MOUNTAIN BIKING CHAMPS

Southland Boys had a team of 6 riders that headed to Methven to compete in the South Island Mountain Bike Champs.

Friday dawned with cool temperatures as we prepared for the day ahead. Sam Lawrence Year 7 was the first of the team to compete in the Cross Country section. Sam was competing in the U13 age group. Sam took off from the start and showed what a tough and polished rider he is. He fended off all riders and won the event in a very convincing manner. The track was tough with long busting climbs, mud, rocks, and flat out sections.

Congratulations Sam, Top Dog.

Sam McColl and Neil Cowie were next to go in the U20 section of the CrossCountry. 4 laps charging through creeks over rocks and roots was a tough gig. Our bikes and bodies took a battering and as we crossed the finishing line absolutely drained but knowing we gave it 100%. Neil finishing 27th and Sam 31st in a field of over eighty riders.

Saturday was the Downhill which is 3/5 minutes of flatout rough, rocky, slippery and jumpy track. It was in parts very steep. The team consisted of Sam McColl, Jakobe Paraki, Jack Smaill, Neil Cowie Year 13's and Tyler Pool Yr 11. We were allowed two practice runs and then one seeding run to finalise your position for the race run. The practice runs involved a bit of carnage with lots of riders being whipped off their bikes as they pushed the limits. Tyler finished a creditable 27th in his category.

Jakobe 21st Neil 24th Sam 31st Jack 32nd all rode well and showed with more experience they would be able to foot it with the top riders.

The weekend was an absolutely ripper with plenty of laughs, fun, and of course some tough riding. A massive shout out to all the parents who assisted us in everyway possible. To the parents who were marshalls, thank you very much. The team appreciated all your help.

A huge congratulations to Sam to be crowned South Island Cross Country champion.

H&J SMITH'S OUTDOOR WORLD MOUNTAIN BIKE WINTER SERIES

Contested over 6 events during the winter months on different courses at Sandy Point.

In the Under 15 section Liam Ramsay won the overall

title. Liam won 4 out of the 6 races and was placed in the other two.

The races varied in terrain and distance. Generally taking around an hour to ride with often tough conditions and technical components.

Malachi McLaren was second overall. He lead the competition for the first 4 races but missed a race and this cost him the chance to win the title.

Congratulations to both boys.

In the Under 19 section Reuben Heslip won the Expert male section. Again the series was over 6 races and Reuben won 4 out of the 6 races to win the overall section very comfortably.

Oliver Keast won the U12 Recreation Series. In an impressive display Oliver won 3 races and was placed in the others.

NETBALL

Netball – the fastest growing team sport at SBHS! A sport no longer just for females. SBHS students have embraced this fast-paced sport in style.

Male netball is growing momentum every day and so it was no surprise that SBHS were able to enter 8 teams in the Invercargill Netball Centre's Just for Boyz

Half time game for the Steel vs Magic game

Prefects netball game with Southland Boys' High School

Competition, played at ILT Stadium Southland on a Thursday night during Term 4. At the time of writing this report, teams are in full swing with the competition so unable to report on their 2021 successes!

SBHS is also one of the few male-only schools in New Zealand who have their very own netball court in the gym so teams are able to utilise that for trainings. The school was also able to invite in Ariana Cunningham, the NetballSmart coordinator, to run some Fast 5 netball sessions during lunch hours.

A big thank you to all those who have taken on the roles of coaches and managers for our 8 teams.

In July, some of the senior boys were able to experience a live, international match by providing some half time entertainment, much to the crowd's delight, during a Southern Steel game where they played a team from Verdon College for 7 minutes. Spurred on by that 7 minutes of fame, other students are using this sport to keep up their fitness during the off season from their main sports such as rugby, football, basketball and hockey!

RIFLE TARGET SHOOTING

Ian Welsh - Teacher in Charge

What a heck of a year! Not one of our competitions this seasons was satisfactorily completed. Whether it was shoulder to shoulder or postal shooting, interschool or national, nothing WAS finished.

We had a core of twenty shooters who turned up on Tuesday or Wednesday nights despite the adverse conditions of various lockdown disruptions. It is a real testament to their commitment that so many persisted throughout the season.

Due to seniors leaving or out through injury, a few of our younger shooters were thrown in at the deep end and asked to compete against Kings High School and the Regional Secondary School's final. They acquitted themselves well and competed to the best of their abilities. I would like to single out Peter Devery and Kaelan Buckingham and Drayke Fowler for producing good scores when they mattered and shooting very good personal bests despite their novice status.

Special mention must also go to SBHS 'A' Team Captain Tomas Gill, a very reliable top-quality shooter, who led by example and gave some of the better after match speeches of recent years.

Once again, we remained a significant force in the Club scene and were able to qualify two squads for the Regional Shoulder to Shoulder finals coming second and third to ultimate winners Waiau College.

Despite the very challenging nature of the severely shortened and disrupted season the numbers participating remained encouraging, particularly from Coldstream Hostel who have significant talent coming on for next year.

Finally, I would like to thank both the Invercargill Club and College Club for use of the Indoor Range and resources and the assistance of their members and coaches in developing the shooting skills of our boys. Without their ongoing support there would be no target shooting.

RUGBY

SBHS FIRST RUGBY FIFTEEN

The 2021 season saw 11 players returning from the previous year so there were a lot of positions up for grabs for those boys who were keen to be part of the Royal Blue Legacy.

It was clear that a number of young boys had been working hard in the off season and that competition for places would be keenly contested.

With 2020 behind us with all the challenges it brought, everyone was looking forward to an uninterrupted year without Covid dominating our lives. Again this was not the case.

Trials were held and with a couple of early games against Kings from Auckland Ranked No 1 in NZ in 2020 and traditional opponents Christchurch Boys a squad was selected to prepare for these games.

The squad was local and with a mixture of capped players and some young inexperienced ones trainings began in earnest.

With a lot of emphasis on skill development both positional and core skills the squad started to develop. The contact area was a real work on and the coaches really stressed how important this area was. The squad soon realized that we were to play a fast paced game and you needed to have absolute clarity around your role within the game plan. The set piece a traditional strength of the team was again to the fore and as the season progressed it operated very well and was a great launching pad for the game we wanted to play.

The fitness of the group was never in question. Different conditioning games were played emphasizing areas we needed to work on. This kept the squad in good nick throughout the season

With trainings going well, the team was coming together both on and off the paddock. The culture

within the group was developing. This was all around working hard, having some fun and continuing the legacy. The Palace was our meeting place. Traditions were passed on from senior members to the first year players, and friendships forged.

We were eager to get going and finally our first game against Kings College Auckland, The No1 ranked team in NZ in 2020 was upon us.

FIRST FIFTEEN V KINGS COLLEGE AUCKLAND

Played in beautifully fine conditions on the No1 field at Southland Boys, April 19.

Kings College started strongly and dominated the first 10 minutes. Kings forwards carried strongly and with Southland Boys' infringing at the breakdown they were able to get field position and get in behind Southland. A rare break out saw Southland Boys' string together some good phases and they started to apply some pressure and test the Kings defence. A penalty saw Southland Boys take the lead 3 nil.

Kings immediately replied with some sustained forward pressure and they crashed over near the post. The conversion was successful Kings 7, Southland 3. Both teams had opportunities to score but strong defence saw half time arrive with no addition to the score.

The second half saw Southland Boys dominate both the set piece and the collision area. The kickoff saw Southland deep in Kings territory. A lineout drive from 8 meters saw Southland score and take the lead. From the kickoff Southland Boys' got to the middle off the field and with both kicking options available went left and raked off a 60 m kick to put them hot on attack again five meters from the Kings line.

Another lineout drive saw Southland Boys' crash over and score a well worked try. A successful conversion saw Southland Boys' out to a 15 /7 lead.

At this stage Southland Boys' took control dominating at scrum time and pinching lineout ball at every opportunity. With the backs running hard Kings had no reply and infringed often. Some penalties saw

Southland Boys extend their lead.

Another try from a well worked drive saw Southland Boys in complete charge. They eventually ran out deserved winners by 29 points to 7.

A prestigious win to the Southland Boys First Fifteen over Kings College from Auckland.

FIRST FIFTEEN V CHRISTCHURCH BOYS

The match between Southland Boys' and Christchurch Boys' was played in warm and overcast conditions in Christchurch on Friday April 23. The field was hard and encouraged bright open rugby.

Christchurch Boys' got off to a flyer. They cut Southland Boys open from inside their 22 and went the length of the field scoring in the corner. 5 nil. From the kickoff Southland Boys' made a mistake and this saw Christchurch Boys get down inside Southlands 22. Strong defence kept the line intact but with relenting pressure and Southland Boys' infringing Christchurch Boys' had a wealth of possession. This eventually resulted in a try and with a successful conversion Christchurch Boys' took a 12 nil lead after 15 minutes.

Slowly Southland Boys' started to get their game going building some good phases and looking to get in behind the Christchurch defence with some offloads. Some good interplay between backs and forwards saw Southland Boys' score in the corner and start to close the gap. The game opened up and with both teams looking to play positively there was a lot of movement. With 10 minutes to half time Southland scored an excellent try after a number of phases had put pressure on the Christchurch defence. 12 /10 to Christchurch Boys at the break.

The second half saw Southland Boys' play with more composure and structure. With the set piece starting to take control Southland Boys' were able to get good field position and apply a lot of pressure to the Christchurch Boys defence. This pressure eventually told. A nice try saw Southland take the lead for the first time in the game. 15/12.

With ten minutes to go after some sustained pressure the Southland forwards went to work. Taking a metre at a time they bashed there way over to give Southland Boys' a 20/12 lead.

Christchurch Boys' came back strongly and forced a number of 5 metre scrums but couldn't breach the Southland Boys' line.

A solid win to Southland Boys' away from home against a traditionally strong opponent.

Well done boys.

HIGHLANDERS SEMI FINAL

Southland Boys' opponent in the semi final was Kings High. Having played each other twice during the season the score was one match all with both games being very close.

We had a home semi final as the second top qualifier. The morning dawned poorly, strong winds and at times horizontal rain. The game was transferred to the Les George Oval and at least this gave us some good underground footing.

The day started to improve as kickoff time approached. Southland Boys' started impressively with the forwards dominating all exchanges. With the set piece working well Southland Boys were able to control the game through good decision making and playing in the right areas of the park.

An early penalty saw us settle into our work and a well worked try to Richie Kursea and a sideline conversation by Kaea Nikora saw the Royal Blue take control and a handy lead into half time. 13/3.

The focus all week had been winning the contact area and to a man the team were great in this area often gaining vital turnovers.

The second half started in impressive fashion. With forwards and backs combining well and offloading at will. This saw us often getting in behind Kings and with quick ball getting to the edges saw us in complete control.

Tries to Aaron Withy, Jackson Bevin and all converted by Kaea Nikora Balloch saw Southland Boys' run out comprehensive winners by 34 points to 10.

HIGHLANDERS FINAL

To be played under the roof at Forsyth Bar Stadium there was great excitement and anticipation to be involved in the final and have the opportunity to play under perfect conditions.

The team were ready and well prepared. Travelling up the night before we were giving ourselves every opportunity to perform well.

The warm up was great, we were pumped and ready to rock and roll. Unfortunately, the game was delayed for 10 minutes and we lost a little momentum.

The game started and we looked a little nervous, making a couple of uncharacteristic errors. Otago Boys' capitalized on this and after 20 minutes we found ourselves 17/0 down with a mountain to climb. We had a couple of chances, Liam McIntosh scored but was deemed to be offside, a real 50/50 call saw us pulled back when we were on a roll.

A well worked try late in the first half saw us go to the break 17/7 down.

The second half saw the Royal Blue machine go to work and we started to dominate both possession and territory. Scoring early in the second half and with the boot of Kaea on target we closed the gap 17/14. Otago Boys worked their way into our half using their forwards to get some gainline. A penalty saw them out to a 20 / 14 lead. From the kickoff we applied great pressure and with the grunners and backs working well we scored a nice try and with the conversion we got our noses in front for the first time in the game 21 / 20. The game was on a knife edge with both teams working hard to gain the ascendancy. With both teams trading penalties, we were leading 24 / 23 with 4 minutes to go. A great set piece saw us roar onto attack and into Otago Boys' 22 only to be pulled back for a suspected forward pass. The replay clearly shows the pass went backwards.

Otago Boys' clawed their way into our half and a drop goal with a minute to go saw Otago Boys' take the lead 26/24 and the win.

A great game between two very evenly matched teams and a game befitting the final at Forsyth Bar Stadium. Although disappointed the team played some outstanding Rugby and can be extremely proud of their season.

A massive thanks to our Coaches, Skelty, Derms, DT and Scotty. Your input and expertise was appreciated and valued. The game plans well thought out and the attention to detail in all areas great.

2ND XV SEASON

Bruno Burgess

The 2nd XV has had a successful year of footy in 2021. The boys created a great culture and connected as a group very early in the season which was awesome considering we had a wide-range of year 11's, 12's and 13's.

In our first game of the Southern Wide U18 competition we took on James Hargest where the boys had a convincing win 70-10. This set us up for what was a busy season ahead. As we progressed through the competition the team strung multiple wins together and the boys were playing some good footy. We ended the round robin with just two losses to the strong Central Southland and Verdon College sides.

The competition reached the top 4 stage with 3 challenging Saturdays ahead of us. The boys bounced back against Central Southland after a tough loss against Verdon College the week prior. We made light work of James Hargest a week later earning us a spot in the 2021 final. This is where it went south for the men in red white and blue. Covid's brutal new variant struck the country preventing us from playing the competition game and deciding a rightful winner. As Verdon College was top qualifier, the trophy went their way in a disappointing end to the season.

The 2nd XV participated in two Interschools throughout the year winning both and showing that they could foot it with any of the Otago schools second fifteens.

We took on the Otago Boys' 2nd XV at home and won 24-10 with a strong defensive effort from the team. Later in the season, we traveled to Dunedin and played the Kings 2nd XV. We also won this game in a comfortable 24-12 performance. This was a significant accomplishment from the 2nd XV as it was the second time in 38 years that we have won both interschools in the same year.

On behalf of the team, we would like to thank our coaches, Cody Mason and Barry Smith for an excellent job of coaching the boys this year. As well as Grant Nimmo, our Team Manager and Brendon Pickett, the team Physio and our sponsors. Your contribution doesn't go unnoticed.

THIRD RUGBY FIFTEEN

The Dogs of War

The 2021 Third 15 was a mixture of Year 12 and 13 boys, we ranged in size and shape from Hurlz at 125kg

to Aiden at 55kg. We also ranged in abilities from guys who could run, catch and pass quickly to guys we had to point in the right direction. Ha ha.

At the beginning of the season the team worked hard to improve skill levels and position specific roles. A lot of attention was given to our fitness levels.

The season started strongly where we were drawn to play the Hargest 1st 15. Played at Hargest on a very very cold and wet Invercargill day. The 3rds dominated the forward exchanges and with the backs running strongly into gaps we led at the break 12-5. Hargest responded, but a well worked try late in the game saw us run out deserved winners 17-12. A great result for the troops.

A good win over Albion 25-22 in our second game saw us play well and show real commitment to working hard. The forwards set piece was good and this enabled the backs to run with real strength and commitment. We had to withstand a late surge from Albion but held on for the victory.

A close loss to Menzies 31/28 saw us now preparing to play the test match of the year against our own Second 15. The game was brutal with both sides looking to get an advantage. When rugby league talks about mate against mate. This was a rivalry that has been going on throughout generations. Half time saw the 2nds leading 19-7. The second half The Dogs of War turned on some quality footy and closed the gap. It was only late in the game that the 2nds scored a couple of late tries to eventually win 36-14. A real good game of footy which brings out the best in Southland Boys Rugby.

As the season progressed we battled away with some very close games, Covid hit us and with the season put in limbo and the holidays came and went we had lost a lot of momentum. When Rugby started up again we were drawn to play Albion in the 5th and 6th playoff, but unfortunately Covid took away this chance which was a disappointing end to our season.

A massive shout out to Mr Mason, Mr Flack and Mr McLeay for giving up their time and expertise throughout the season. Your knowledge and attention to the important things helped us throughout the year. We appreciate everything you have done for the team.

Congratulations to Jacob Broomfield for making the Town u18s.

To all the boys. Thanks being part of The Dogs of War.

UNDER 15 RED

The Under Fifteen Red team had a good season finishing Fourth overall but with a bit of luck we would have topped a couple more of the top teams. Our forwards were unmatched at set piece and our backs definitely showed some class. At times we had to play

some forwards in the backline but they adapted well and showed they were more than capable of holding their own.

The team played well throughout the season and progressed well. Our skill levels and our game understanding improved. Trainings were good with lots of emphasis on improving our skills and understanding our positional requirements.

A highlight of the season was playing the SBHS White team. Played at Woodlands on a heavy ground under lights. White got off to a good start scoring two tries and took a 10 /0 lead. Playing a physical game were our forwards looked to dominate we found good space up the middle and eventually we worked a try to cut the lead to 10/7 at the break.

The second half was a real slog. Our defence was very strong and they couldn't find away through. We started to dominate them and this resulted in a couple of tries for us to take the win 17/10. This was the first loss for the White team in two years. A great performance showed we were good enough to take on all teams. Congratulations still must go to the White for taking out the competition.

Many thanks to the boys who gave it there all. There will definitely be a few players going for higher honors next year.

Thanks to Mr Jennings and Mr Muliania for coaching us for the past two years. We appreciate all the time and experience you have put into us, not only as a team but to us individually. We have learnt lots.

UNDER 15 WHITE RUGBY

Another great season for Under 15 White team. Coming into the season reigning champions we had a target on our back. Every team wanted to take our scalp.

The season started and we worked hard as a team developing our game plan and working hard on our skills. As we progressed the boys were able to string great phases together and score some really good tries leading to brilliant victories. Our forward pack worked hard up front getting quick ball for our halves and when we released to our backline they got the job done with the ability to beat the defender one on one.

We had some very good wins throughout the season getting comprehensive victories over some of the top teams. We had one very tough game under the lights at Woodlands against our very own SBHS Red team who played a very good game beating us 17-10. We had to play them again in the semis and we're able to play running rugby and make our way through to the final.

Finals footy - that's what we all play for, but unfortunately lockdown struck and we were unable to

play but as we were the top of the table SBHS White were champions again.

A big thank you to our coaches Josh, Hayden, Jeff who played a massive part in the two seasons all the boys really appreciate your expertise and we had some really fun times also a massive thank you to our sponsors for our rugby hoodies which become the go to outfit for the boys.

UNDER 15 BLUE DUCKS

Lachie Riley – Blue Ducks Captain

After falling short in previous years, the Blue Ducks decided that 2021 was going to be the year of the Ducks, Ducks, Ducks. We were going to go all the way and look to take out the U15 title and ensure the Ducks of 2021 were remembered for years to come.

The big work on at the start of the season was fitness, and the boys were sent away to get in shape for the season ahead. Skill level was looking good and coaches Cormack and Drozdack were impressed.

With a fairly easy win against Hargest, we had two tough games ahead of us, SBHS Red and SBHS White. The boys needed to step up. Unfortunately, things weren't to be and although we played well at times we were not consistent enough in our play to take a win. Heads lifted after two convincing wins against Central Southland and Gore High then came three losses in a row and it looked like our season was over.

One last game was to be played in soggy conditions on SBHS No. 2. The Blue Ducks came in with high hopes but those hopes were shot down and once again, it wasn't meant to be.

After an up and down season I would just like to thank the coaches for their time and effort they put into us. Looks like a good wee Blue Ducks team coming through so hopefully 2022 is the year.

UNDER 14 RED

A fresh team of all new players coming together and with new coaches, was always going to be a challenge. The team got off to a good start posting some great wins from pre season through too early in the round, winning five from nine games in the round robin part of the season.

The coaches and team trained twice a week. Early in the season we worked on skills and fitness. Then later went more into technique with tackling, scrums and line outs. We worked hard on playing as a team, and also on set piece.

A highlight from the season was beating the then undefeated CSC team 40-29. With injuries, we didn't quite do enough to make the playoffs for the Cup final. The teams aim moved to making the Plate final. After smashing Northern/Western in cold wet conditions in Te Anau in the Plate Semi, we were ready for our long awaited rematch against SBHS White in the Plate Final. Sadly, this was cancelled due to COVID lockdown and our season was cut short. We are all looking forward to a full season next year.

A massive thanks to coaches Sonny, Lyndon and Callum for their time and huge efforts, Mr Skelt and Ben McHugh for their help, Brian and our parents for their time and support on the sidelines and to our Manager Kate for organising and ensuring all was good for the Saturday.

UNDER 14 WHITE

The SBHS U White team was selected after all under 14 boys had been training together for a couple of weeks. Once the teams were sorted we got straight into concentrating on our fitness developing our basic skills - learning who had what strengths, weaknesses and where our team could benefit from boys being placed in what positions.

At the very start of our season we had a couple of players went down with injuries and sickness, both these boys still showed their commitment to the team and continued to be there to support their team, until the end of the season or until they were fit enough to return.

Once our confidence grew and we started to know each other as players we started to concentrate on skills and techniques. Our coaches brought us together as a team. We learnt commitment and what values meant to be involved in a team. This was then when the great footy started. The boys learnt that the effort you put in, showed with the benefits we got on game day. We saw ourselves grow, and our strength and skills just increased. This lead us to a great season.

Playing against the other SBHS teams was great, all the brothers striving for the win. The highlight of our season was playing against SBHS Red. White went in as the underdog. Red scored the first try, then once the boys settled their nerves they converted a try to take us into the lead. The supporters were very vocal encouraging both teams on. The lead changed hands 4 times, and SBHS White came away with the win 22-19. An awesome hard fought game. The boys felt like it was as good as playing the final.

Some of the results did not quite go our way during the season with some close loses that resulted in us missing out on the top 4, so we ended 5th place. This never disheartened us, just leaves us more determined for next season.

A massive thanks to our coaches Mr Rarere and Mr Coulthard, and assistant Mr Abeysinghe, your skills and expertise were very evident and greatly appreciated. To all our parents and supporters, and photographer thank you for turning up each week to show your support. Your encouragement was priceless. Bring on next season, I know the boys cannot wait.

UNDER 14 BLUE

After the trials and the selection process was done. The U14 Blue team was finalized, being coached by Dean McIntosh, Mark Taylor and Jack Taylor. Having a handy side with threats across the paddock enabled us to play a fast and highly skilled game for an U14 team.

Playing some tough solid teams in the preseason gave us a gauge of what we needed to work on, we targeted the skill level and the breakdown so we could play a fast and an attractive brand of footy.

We started the season on a high note having defeated one of the top sides in the comp Verdon 36-22. This continued into the next game putting a large figure on James Hargest 54-31. With having formed what seemed to be a winning culture we went through the season being undefeated in 11 games.

We worked hard and prepared well coming into the semi final. Finishing at the top of the ladder saw us playing Central Southland.

The conditions were horrendous with very strong winds and horizontal hail. It didn't affect us as we adapted to the conditions carrying strong and direct and a good kicking game plugging the corners. Starting well scoring 3 try's in the first 15 minutes. With the final score being 29-22. After another good week of training and preparation the boys were pumped and ready for the final going up against Verdon.

Due to COVID the final had to be called off. Seeing us win the competition without having the final. We were gutted that we couldn't have the final as we were willing to work hard to win.

We would like to thank all of the supporters that turned up to support us each week. And from a Coaching point of view well done to all of the boys for a successful season, I enjoyed being apart of the campaign and watching you all improve and develop as the season progressed. Bring on next year.

A massive thank you to the following sponsors and support that was given from them across the season. Wilson Contracting LTD, Grover Chasers Touring Bunch, and E Type Engineering.

SBHS RUGBY CLUB AWARDS 2021

SBHS First Fifteen

Best Forward	Jack Taylor
Best Back	Kaea Nikora Balloch
Most Improved	Jackson Bevin

SBHS Second Fifteen

Best Forward	Adam Stevens
Best Back	Rohan Pickett
Most Improved	Ben Ellis

SBHS Third Fifteen

Best Forward	Ashley Mason
Best Back	Angus McLeay
Most Improved	Robbie Winders

SBHS Under 17 Blue

Best Forward	Matt Thomson
Best Back	Amaziah Mitchell
Most Improved	T J Gallen

SBHS Under 17 Red

Best Forward	Jak Morton
Best Back	Tyler Pool
Most Improved	Matt Johnson

SBHS U15 Blue Ducks

Best Forward	Jacob Niania
Best Back	Nick Brown
Most Improved	Maddix Pettigrew

SBHS Under 15 Red

Best Forward	Gregor Rutledge
Best Back	Max McKenzie
Most Improved	Max Callahan

SBHS Under 15 White

Best Forward	Jared Reid
Best Back	Cody Stevens
Most Improved	Lachlan McIntyre

Under 14 Blue

Best Forward	Josh Cairns
Best Back	Jimmy Taylor
Most Improved	Heath Wilson

SBHS Under 14 Red

Best Forward	Luka Salesa
Best Back	Dominic Emerson-Pink
Most Improved	Alex Winslade

SBHS Under 14 White

Best Forward	Mason Coulthard
Best Forward	Coen Rarere
Most Improved	Caydan Garthwaite

SOFTBALL

Softball at SBHS is in a very strong position. At the local Secondary School competition, back in February, four teams were entered.

The Year 7 & 8 team, complemented by a couple of girls from SGHS, were coached by Mrs Nikki Boyce and assisted by Mrs Ange McMinn. They played James Hargest in two very closely fought games but it was the red and blue team that won both games 11-8 and 10-9.

In the Senior section, SBHS entered a Blue and a Red team to cater for all the boys who were keen to play. Mrs Rosie De Goldi coached the Blue team whilst old boy Braeden Heslip and Mrs Penney Dunckley coached the Red one. With two other schools to compete against, it was game on. In the battle of the boys, it was the Blue team that prevailed but both SGHS and James Hargest proved to be formidable opponents as well and tested both the SBHS teams. In the end it was the SBHS Blue team who took out the title, even though they had a wee loss!

SBHS Blue v SGHS	Win 11-7
SBHS Red v Hargest	Win 8-7
SBHS Blue v SBHS Red	Win 7-4
SBHS Red v SBHS Blue	Loss 7-8
SBHS Blue v Hargest	Loss 9-17
SBHS Red v SGHS	Win 15-12

As part of Summer Sports Week in March, the SBHS softball team then travelled to sunny Alexandra to compete in the Division 2 South Island Tournament. The team played some great softball throughout

tournament week yet were unable to secure their goal of a top 3 spot this year. Instead, they finished a creditable 4th. Thank you to local softball stalwart, Max Moyles, for stepping up to coach along with Rosie De Goldi and Kelly Jennings as managers to keep the boys fed and watered.

Congratulations to Lochie Forrester who was awarded Most Valuable Player for the SBHS team.

Results were:

Vs James Hargest	Won 8-5
Vs Burnside High	Won 16-0
Vs Riccarton High	Won 13-0
Vs Shirley Boys' High	Won 10-8
Vs Ashburton College	Won 12-8
Vs Taieri College	Lost 14-15 (tiebreaker)
Vs OBHS	Lost 2-6
Vs Dunstan High	Lost 4-15
Vs James Hargest	Won 19-9 (playoff)

Jackson Herrick

SWIMMING

SOUTH ISLAND SECONDARY SCHOOL SWIMMING CHAMPS

Jackson Herrick competed in Timaru at the South Island Secondary School Champs, the sole representative of SBHS.

Jackson entered the maximum numbers of five swims and medalled in three.

17-18 year	100m Breaststroke	1st
17-18 year	50m Butterfly	2nd
17-18 year	100m Butterfly	3rd
17-18 year	100m Individual Medley	5th
17-18 year	100m Freestyle	5th

There were 43 schools represented with team results divided into four different categories - Boys, Girls, Co-ed and Para. SBHS came 5th from six boy's school's but had the highest average score per swimmer.

TOUCH RUGBY

KINGS INTERSCHOOL - TOUCH SENIOR BOYS

Caleb Williams

The senior boys touch team had a very close tussle with Kings High School in the Kings Interschool.

In the first game, Kings came out strong and took a 5/2 lead. They maintained this until halftime. Southland Boys pulled back the score and hit the lead 7/6 with our refined attack. Late in the game Kings clawed their way back and scored a 9/7 victory.

The second game saw a revised game plan. A stern talking to from captain Kaea Nikora-Balloch the boys found themselves up 6/4 heading into halftime. We looked to capitalise on our start but the well drilled Kings side showed their class adapting to and countering everything we threw at them. Kings eventually taking out the game 11/8.

Seeing ourselves down 2 nil we decided we would play with much freedom and flair. Both teams started strongly and with the lead constantly changing the game was full of action and excitement. Both teams would not budge, it was going down to the wire. Ill discipline saw us down 2 tries with a minute on the clock. We looked down for the count but some last minute heroics from Kaea and Malakhai saw us close to 12/11. We were hot on attack when the whistle blew for fulltime.

Kings were a classy outfit with good systems. It was great experience for us and it was good for us to see where we are at.

TRIATHALON

WANAKA CHALLENGE

Our first Under 16 team consisting of Magnus Jamieson Jessie Willis and James McLeay finished second in what was an outstanding and competitive race held in Wanaka on Thursday.

The first leg saw Magnus having to swim in the freezing cold water in Lake Wanaka. Powering through the water he swam an incredible leg and was out of the water first. Jessie took over the cycle leg and rode a superb race. With the lead changing several times and into a slight head wind Jessie hit the transition stage in second place. James bought the team home and showed why he is nationally ranked for his running. He made ground on the leader all the way but the winning line came too early. A great effort to finish second.

Our second U16 team consisted of Lucas Jennings, Tim Richardson and Thomas Spain.

Lucas was into the lake quickly and found himself surrounded with lots of swimmers. It was hard work with the swimmers banging into each other and creating waves which was difficult to combat. Lucas handed over to Tim and he got into his work quickly moving the bike impressively with his big frame.

Thomas ran the last leg and in the hot sun (around 25 degrees) he powered into his work and ran a very strong leg. The team finishing 7th overall in a large field from schools throughout the South Island.

Well done guys. Superb results.

SOUTHLAND SECONDARY SCHOOLS TRIATHLON - WINTON

The Southland Secondary Schools Triathlon was held in hot and humid conditions in Winton at Central Southland College.

In the U 16 Boys team Jesse Harpur and Malachi McLaren won the teams event.

Jesse started strongly in the swim leg and was fifth out of the water after being in the leading division throughout. Malachi was soon into his work on the bike. He rode a strong and tactical race coming to the transition stage in third place. A nice clean changeover saw Jessie hit the track for a 2.5km run. The run was on a flat track at Moores reserve and this suited Jessie. Showing great strength and determination he got the lead and kept increasing the distance, crossing the line a good few minutes ahead of the nearest rivals.

A great team effort and congratulations.

VOLLEYBALL

Volleyball has seen a huge uptake in 2021 despite the challenges presented by covid restrictions. We had over 60 boys sign up in the first competition of the year with similar numbers for the end of year competition.

While there have been no formal tournaments to date this year, we have been participating in the local school competitions played on Wednesday nights preparing for the last tournament of the year, the Southland Secondary Schools Volleyball Tournament in November. Next year we look forward to things returning to some sense of normality, so we are able to travel and compete against schools outside of our district.

If your son is interested in participating in Volleyball for 2022, please keep an eye on the notices. The best way is to download the Sporty app. This provides update, notifications and draws for all things Sports at SBHS. If you have any questions, please contact the Sports office.

WATERPOLO

Angus McLeay

The Southland Boys High Waterpolo team of 2021 was made up of a mixture of young and older boys. The team was hard working with the goal of one upping our efforts of last year and winning the title.

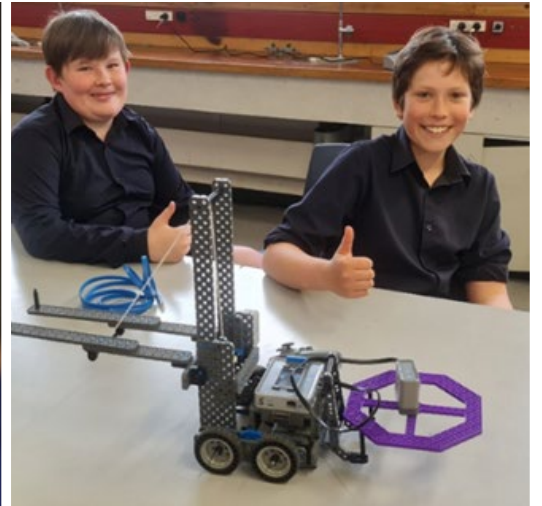

We started the season really well going unbeaten in the first term. We were able to win the grudge match against Hargest for the first time in years and dominated on the scoreboard winning 15-8. This was a pleasing result as we had lots of younger boys who were thrust into the deep end a couple years ago and took time to adjust. This year it has started to pay dividends.

Unfortunately due to Covid we were unable to play our interschool games which was very disappointing. We were all looking forward to the challenge of playing at the next level and testing ourselves against some of the best schools in the South Island.

The team put in a huge effort into learning our game plan and with out of the box thinking enabling us to get into goal scoring positions.

If Covid allows us to continue playing in term 4 we will aim to stay unbeaten, make the finals and aim for our first title in many years. Many of our players play at a representative level giving us a good base to push on this year.

COLDSTREAM HOSTEL

MANAGER

Sue Mills

This year, things have not gone the way we would have liked. We have had to get used to events like family functions, school and hostel events being cancelled. This has been hard to take, but we have all had to fit into our new normal because 'it is what it is'.

We are lucky to be living in the South Island and not where lots of restrictions have been placed on schools, hostels and businesses. There always has to be a positive side to life. I hope, with the help of the Prefects and Boarders' Council next year we will be able to resurrect more activities and events at the hostel. These will be planned to take place each term.

Aaron Withy our Head Boarder - you have led the Hostel through hard times this year and with the support of Jack Taylor and Vere Jukes our Deputy Head Boarders, you have helped each and every boarder cope with our new normal.

I want to thank you all for your resilience during the past year. At times it has been frustrating, emotional and stressful. Covid has affected us all in different ways. You have been supportive of each other and all kept your sense of humour. It has been nice to hear you ask staff how they are, as they have done to you. We all appreciate that.

Also of course I would like to thank all the Hostel staff for their efforts to try and make life as normal as possible. I am sure all Parents, Caregivers and boarders recognise the extra work and stress they have been through to achieve this.

Good luck to the Year 13 leavers as they enter another chapter in their lives. I hope you all have a great family Christmas and Happy New year.

HEAD BOARDER - AARON WITHY

2021 has been a year where we have had a crazy number of achievements even with multiple disruptions we've experienced and one that I feel very privileged to be head boarder in.

With the school year of 2021 about to wrap up, I've had an early start to finishing up my schoolboy and hostel life, which has made me reflect. The first few days of leaving, I kind of didn't know what to do with myself. You feel a little lost. You don't have your mates right across the hallway or up the corridor from you, and you find yourself thinking, what I am actually going to do? But let's go back to the start, where walking into the hostel and the school gates as a 13-year-old, shy Dipton boy, who had spent 8 years at Dipton primary, was the scariest thing I have ever done. Knowing just a few boys from mainly rugby, it didn't take long for the enthusiastic Charlie Carran and the little chubby Jack Taylor to get the boys talking and crack into some classic hostel footy. This set the tone for my next 5 years here, creating lifelong friends, being immersed in the Coldstream brotherhood and just simply having a blast of a time.

This hostel is ever improving, and over my 5 years here the number of improvements Matron and Mr Coe have made is amazing. The redoing of the bathrooms, carpet, re-painting, switching to a gas system and finally this year, a new heating system, we all cannot thank you enough. Theo's 5 star cooking still gets the boys going, but I'm not sure how much longer he has in him when Taylor Peterson sneaks into the kitchen turning

his sacred radio as high as it can, sending Theo in a fit. Anyways, these changes that we have seen and are seeing happening are very exciting for myself leaving, knowing the boys coming through are going to carry on in a place that will make them feel more comfortable than they already do.

I think a hostel boy can be summed up in three words, hard, passionate and fun. We hostel boys aren't always looked at by other students and staff in a favourable way, but I believe secretly everyone would love to experience what we have here. We Coldstream boys are the foundation of our school. We create a confidence within the other students, we inherit the pride and values of our school which makes us so approachable.

I know we all aren't always perfect and stellar students but all of us are great young men. A hostel filled with great blokes, in turn creates some memories that will last forever. We've had some awesome experiences and plenty of good laughs of my 5 years. The endless games of hostel rugby on hot summer nights, getting the 5 peat on sports day, hearing those bag pipes blow that morning, these are the things of dreams. There are so many stories myself and the other year 13s could tell but there are definitely a couple that top them. Neil Cowie seems to be the first person to pop into mind when I look back on the things done at the hostel over our time. He has provided endless entertainment from jumping out of the dorm 1 window, catching a hedgehog and deciding to give dorm 1 a new member. Neil the lad himself even created his own designer clothing brand of New World bags.

This year once again started with us jumping straight back on the winning horse smashing the other hopeful houses in another wicked sports day, making the 5 peat we had dreamt of come true. Sports day is the pinnacle moment of the year for a Coldstream lad and is something that every single one of us start to prepare for straight after the year gone. The buildup is insane!! The voice of William Wallace filling the hostel the night before, Neil on the bag pipes, chainsaws roaring, the smell and feel of the sheep rattle, I don't think you see the boys get out of bed so fast on any other day.

With the sun shining we took to our work, putting out a convincing win. After a great win, Mr Laurensen decided that winning the Uttley cup would be too easy for Coldstream so decided to bring in the house shield. Peace silly enough challenged us at basketball, so we put them back in place in no time. However, Grant decided that the only way to beat us was to bribe the other houses into not challenging us, making us have to accept Volleyball. An outstanding effort was put in from us white battlers as new time ballers but sadly we could not quite finish it off. This was the same story for the next two times we challenged them in volleyball. The end of the year nears with just a couple more challenges and events left, which we will be looking stamp out.

Throughout my 5 years these type of events are what makes it so memorable. The hostel has also taught me so much about myself. Values I have been able to pick up from older boys, matron and the other staff are priceless. Values such as responsibility, time management and respect. We have to be responsible for making our beds and putting time into completing our schoolwork and complete our trainings.

Time management is so important in our lives now. How we can make the most of our days we have, to create the most benefit for ourselves and others. Respecting each other and especially the people above you. As a year 9 you can be a bit cheeky to the older boys and expect a relationship to be already there but remember that to be shown respect you must give respect first.

I think though the biggest thing you will learn at this hostel and school is confidence. Be confident to put yourself out there because if you don't you will miss that opportunity or even be left behind. However, confidence comes through preparation and humility. You must treat every test, game and training with respect and put yourself in the best position for success through great preparation involving planning, detail and time. Our hostel and school builds these values in us, for us to excel in our years here and afterwards. Some people say the Matron and our other staff may be getting a touch softer on us boys but they still introduce these values to us as soon as we enter these doors. And remember that the banter that goes on within the hostel walls is great fun and definitely builds up your resilience.

I think as I reflect on my years here, my time playing rugby and donning the royal blue has been truly special to me. I haven't had the smoothest run with sustaining a concussion every year over the last 3 but with my mates around me I haven't had a truly dull moment. From the U14 days to attending the U18 Highlanders camp, the friendships and connections I have made, the places and countries I have traveled over these years, I am so very grateful for. There are truly no real words that can describe the feeling of walking out of the palace on a big interschool, bag pipes ringing and the crowd's cheers filling your thoughts. Its honestly the greatest feeling I have experienced.

When a few of you lads in front of me get to experience this, make sure you soak it in and embrace it, you won't get another experience like it. Those that don't get to don the Royal Blue, there are countless more opportunities in your field of expertise that our school and community work hard to put in front of you. Make sure you take up any opportunity you do get and if you miss out; hey who cares, the sun rises still and put the work in to be ready for when the next one that arises.

To finish up, I'd like to just say a few thank you's. Helen, I know how much you wanted to be here and that just shows how much you care about us boys. From day one whenever we needed something, were a little bit down or simply just wanted a yarn, you have been there for us. You are always either sewing something up, cleaning someone's clothes, making someone's bed or getting Jack Taylor some food. Without you Helen I think us boys and Matron would be lost, I wish there was a way we could thank you enough.

To Matron, you have been amazing over my 5 years and it has been awesome to work with you this year. The stuff you have to put up with is sometimes crazy but you deal with it so well. Us boys don't say it enough and often actually don't say it at all, but I know that we

are and I am truly thankful for what you allow us to do and achieve. It has made me into the young man I am today.

To Lucy, you have come straight into the hostel with ease and help out so much, making Matron's life that bit more easier. Mr Coe thank you for your continual support here and over at school. The growth you have brought here is extraordinary and I am so excited to see where this school can go in the next 5 to 10 years.

A huge thank you to my friends here. We've had some epic moments over the last 5 years, if that was play fighting, laughing or Taylor acting up in the kitchen, I will cherish those memories forever. I am looking forward to all of us moving into our next chapter of lives together and seeing our successes I'm sure are destined. Make sure we keep in contact as we depart from here, I'll be looking forward to catching up over some milk and I'm sorry I couldn't attend Wednesday Milk night this year. My parents aren't here, but I cannot thank them enough. The hours of driving, waiting around, spending money on us, and that love they have for myself and my other siblings is something that I will never take for granted. Lastly to the boys still coming through, live in the moment and enjoy every single moment you have here, because I'm telling you the time disappears just like that.

I also just want to leave you with some of my worst advice my mum has ever given me. As my mum was dropping me off for my first day here, and because I was a bit of a softy and very shy, she says, "Aaron, you don't have to sit up front and ask all the questions, let the other boys do that for the first couple weeks".

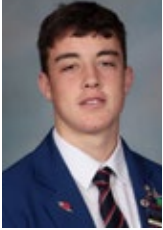

Whatever you do, don't do this. Be the guy to ask the question that everyone else is too afraid to ask. Take control and advantage of the brains and resources you have around you. Put yourself into the best position for learning and success because no one will do it for you.

GRADUATION

PREFECT PEN PORTRAIT

BRUNO BURGESS

Nickname: Dozer
Hero: Ben Jennings
Claim to Fame:
 Saving the 3rds Cricket Game
Favourite Pastime:
 Year 9 Science with Miss Cross
 the Science Boss
Memorable School Moment:
 Bombing Gilby into next week
Probable Destination:
 The Dentist

SAM McDONALD

Nickname: Macca
Heroes: Marty McKenzie/Max Milne
Claim to fame: Playing 2 holes of golf with Marty McKenzie on hole 4 and 5 at Queens park
Favourite Pastime: Jumping into sand pits
MSM: Teaching Nick Smail everything I know about the sport of Hockey
Probable destination:
 Otago University

HUNTER COTTAM

Nickname: Spaz
Hero: Brodie Retallick
Claim to Fame: Thirds Hockey
Favourite Pastime:
 Interschools
Memorable School Moment:
 First time walking across the stage
Probable Destination:
 Lincoln

LIAM MCINTOSH

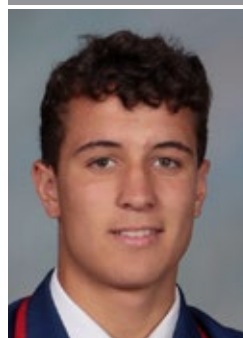

Nickname: Marken
Hero: Ben
Claim to Fame: Scrums
Favourite Pastime: Scrums
Memorable School Moment:
 Completing #OFTH
Probable Destination:
 Otago University

VERE JUKES

Nickname: Vaj
Hero: Chloe Swarbrick, Fenton
Claim to Fame: Being a teacher's pet
Favourite Pastime: Eating, toilet breaks and trapshooting
Memorable School Moment:
 Lionel vomiting in chem
Probable Destination:
 House husband

MAX MILNE

Nickname: Milney
Hero: Mr Laurenson
Claim to Fame: Making Baby Blues Year 7 but not Year 8
Favourite Pastime: Playing on the back fields in summer
Memorable School Moment:
 Winning Sports Day 2016
Probable Destination:
 Otago University

DYLAN LEE

Nickname: Big D, Heavy D, Big Diesel or Heavy Diesel
Hero: My Mum
Claim to fame: Moving pieces on a board
Favourite Pastime: Stirring the pot
Memorable school moment:
 Having a window fall on me in year 9
Probable destination:
 Otago Uni

KAEA NIKORA-BALLOCH

Nickname: Bolo
Hero: Damian McKenzie
Claim to Fame: I'm a humble man
Favourite Pastime: SBHS Footy and JSA park runs with Matua Mac
Memorable School Moment:
 Completing OFTH 25-19
Probable Destination: Building Apprenticeship Somewhere

PREFECT PEN PORTRAIT

THOMAS ROBINSON

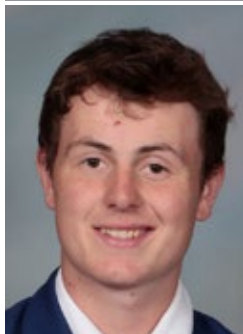

Nickname: Tommo
Hero: Jimmy Carr
Claim to Fame: Always being on time.
Favourite Pastime: Running, cooking, and hanging out.
Memorable School Moment: Cooking a feed for Tim Shadbolt
Probable Destination: Otago University

JACK TAYLOR

Nickname: Jacko
Hero: Jackson Bevin
Claim To Fame: Skeltys my Dad
Favourite Pastime: Getting Bagpiped out of the Palace by Neil Cowie for the OBs Interschool and winning.
Memorable School Moment: having a classmate in Year 7 poo on the floor of Miss Mulligans classroom
Probable Destination: Otago University

JACKSON RONALD

Nickname: JRon
Hero: Harsha Bhogle
Claim to Fame: Best trim in year 13
Favourite Pastime: Being 12th man
Memorable School Moment: Snicking off a blackcap
Probable Destination: Seaworld

JOSIAH TUI

Nickname: Siah
Hero: Cultural Prefect A.K.A Sam McDonald
Claim to Fame: "Can I have a bite g"
Favourite Pastime: Missions to Mongkok
Memorable School Moment: Watching Call Hogben get run over
Probable Destination: NZ Navy

CORBYN SHUTTLEWORTH

Nickname: Shuttsy
Hero: Michael Buick
Claim to Fame: 2021 Choir Captain
Favourite Pastime: Ethan De Groot 1st XV days
Memorable School Moment: Maths with Derms
Probable Destination: ARA

RYAN WHITE

Nickname: Whitey
Hero: Andy Ross
Claim to Fame: bench warming for the 1st XV two years in a row.
Favorite Pastime: playing bullrush on the number 1
Memorable school moment: Bruno breaking his thumb playing netball.
Probable destination: Otago University

TOBY SMITH

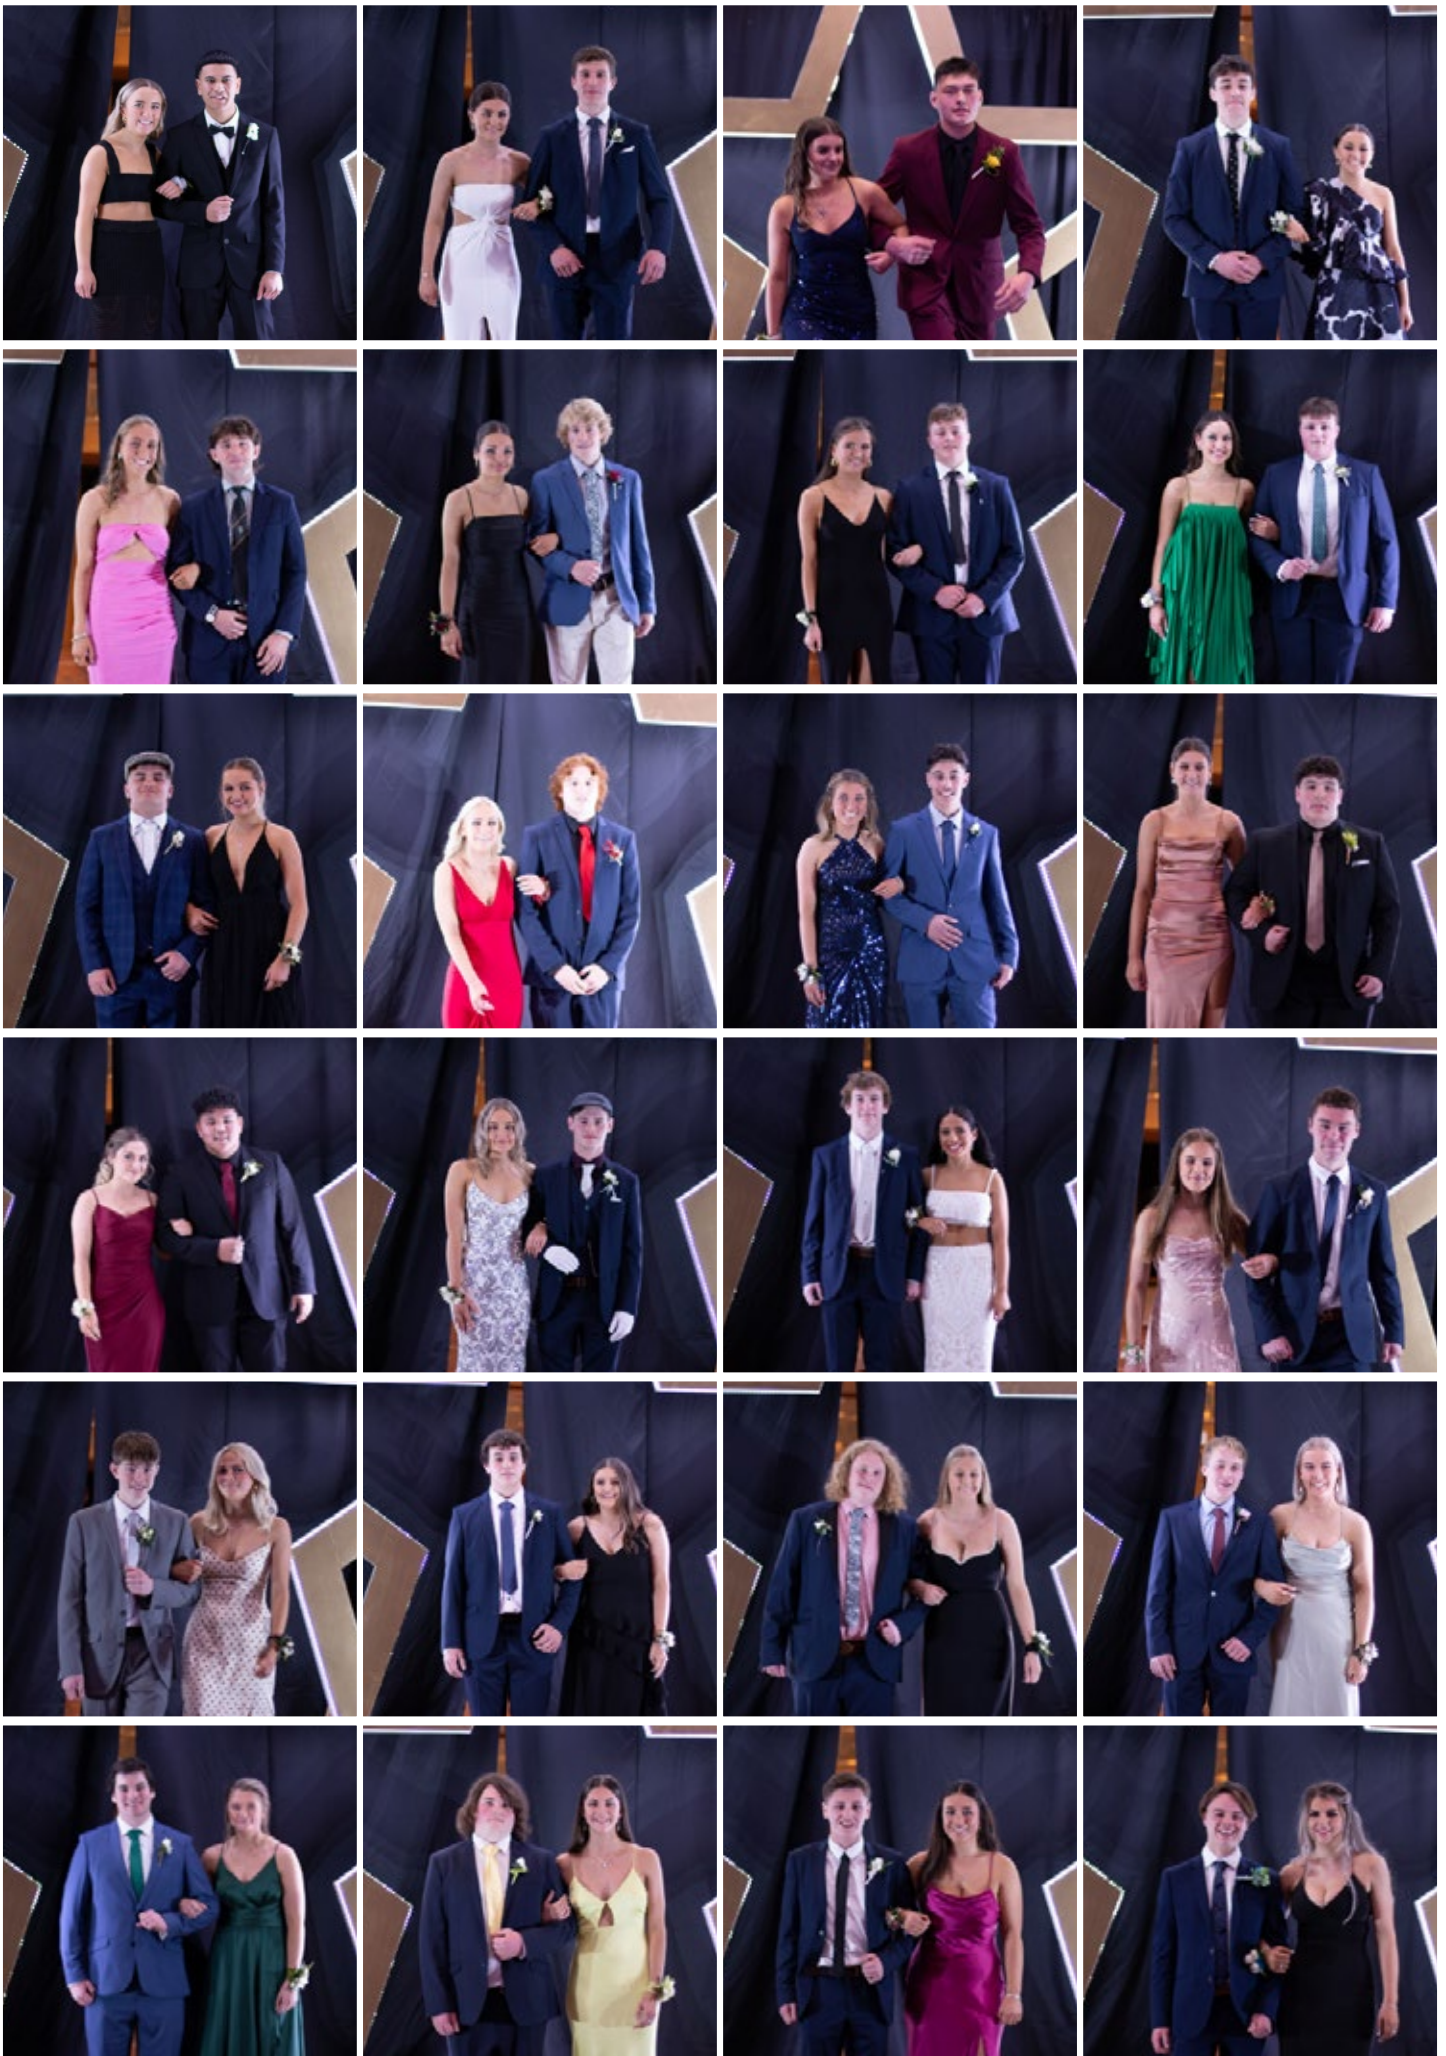

Nickname: Smitty
Hero: Regina Phalange
Claim to Fame: Never seen the Lion King
Favourite Pastime: Baking and Music
Memorable School Moment: The Tree
Probable Destination: Head Chef at the GRCC

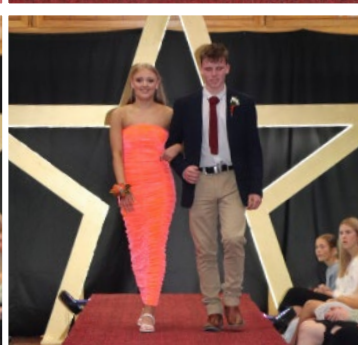

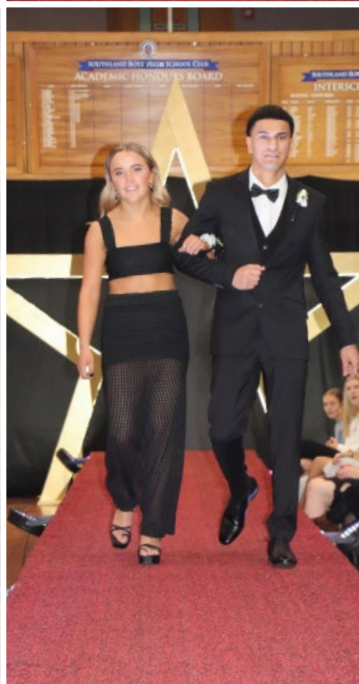

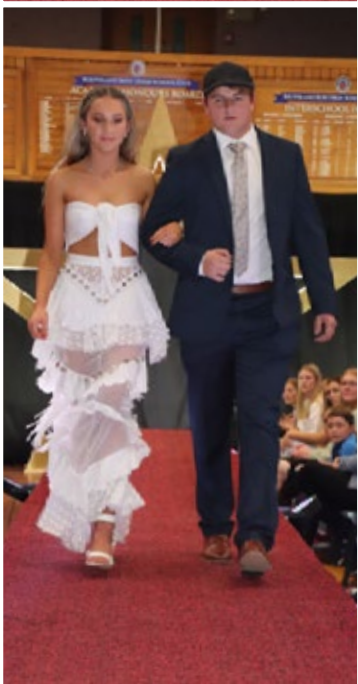

AARON WITHY

Nickname: Withy. **Hero:** Neil Cowie - Air NZ pilot already.
Claim to Fame: Being in the 3rds Hockey team to win the Southland hockey competition.
Favourite Pastime: Throwing round the nut with the hostel lads on a sunny day. **Memorable School Moment:** Chris Boyce sweating when the 3rds had his prodigy's (the first 11 hockey team) 0 - 0 at half time. **Probable destination:** Otago University

2021

MISSION

To motivate and inspire all students to achieve their best, academically, culturally and physically, to become adults who contribute to their community

VISION

Southland Boys' High School is a place where young men learn to think for themselves, define their role and acquire the tools required for the road ahead

MOTTO

*Non scholae sed
Vitae discimus*

Not for school but for life
we are learning
